Wisdom On Making Good Decisions Invert:

Making Wise Decisions In A Smart World: Responsible Leadership In An Era Of Artificial Intelligence

(Student Edition) Peter Verhezen, 2023-03-07 Good and smart decisions should be distinguished from wise decision making especially in the age of artificial intelligence AI where algorithms are increasingly used to automate business processes or to augment the accuracy and speed of decisions This book argues why specific forms of intelligence as well as consciousness and enhanced conscience are crucial to make wise decisions with consciousness to be clearly distinguished from intelligence It also addresses why machine learning and smart computers AI are plausibly able to make smart and thus to a certain extent intelligent decisions but definitely unable to help us to become wiser In essence optimizing a desired output in a business context will require a balanced approach with cognitive awareness and ethical reflection synthesizing intuitive and algorithmic thinking encompassing short term profit and longer term envisioning and aiming to optimize created and captured value for shareholders while taking the concerns of those who have a real stake in the organization seriously If business is about creating and sharing value in a future that is both digital and relational then innovative technologies like AI will play an increasingly important role Consequently mindful executives and their responsible boards therefore need to acknowledge the limitations of AI in business especially when the uncertain future is estimated to be rather volatile or ambiguous than stable [The Ultimate Business Competition Guide : Reverse Engineer The Competition And Make 'em Eat Your Dust!](#) Aiden Sisko, 2015-08-30 excerpt If you gain a thorough understanding of the dynamics of competition in your industry you can easily develop a custom fit yet highly effective business strategy by answering one simple question Are there any obstacles stopping you from doing things other companies cannot If you answered yes to this question you are going to find strategizing to be a critical aspect of your business model Any profits made will be directly related to the level of skill you display in defensive strategy as well as in your management techniques Always be prepared to engage in the identification understanding anticipation and influence Table of Contents Introductions Do You Have a Competitive Advantage Economies of Scales Branding Competitive advantages Fixing costs across a very wide span to gain competitive advantage The core elements of efficiency include The need for efficiency can be seen clearly in the following Optimizations and efficiency You have to upcharge There is expense when differentiation is involved Is There Any Individual Firm or Company that is Dominant Game Theory Bargaining and Cooperation Tactics The Prisoner s Dilemma Implement Reward Systems Keep Away From Comparing Products on a Direct Basis Interact socially in your industry Develop Perk programs and Loyalty programs for your customers Developing an industry agreement Limit the amount of output in the market Establish your own individual practices in regard to pricing Pre emption and Techniques of Entry Strategies for the Newcomers Challengers Create and introduce a clear easy to comprehend Statement of Intent Make a decision as to which are of the market you will set your focus on as your main target The marketplace industry is at times made more difficult by
