With Listening Hearts Understanding The Voices Of Lesbian And Gay Catholics:

With Listening Hearts Peter J. Liuzzi, 2001 Aimed at gays and their families this book takes a compassionate and pastoral approach to how the Catholic Church cares for gay people and will work with them *Creating Safe Environments for LGBT Students* Michael Bayly, 2013-02-01 Make sure your Catholic school's LGBT students are getting the support they need *Creating Safe Environments for LGBT Students* is a comprehensive training guidebook for educators who are committed to diversity and the full inclusion of LGBT students in every aspect of the Catholic high school experience Based on five years of pilot testing in Catholic schools this unique book emphasizes safe staff training in integrating the Church's pastoral social and moral dimensions with the special needs of LGBT students The book presents strategies and resources for building safer schools helpful materials for communicating with parents and general guidelines for developing and maintaining professional helping relationships with LGBT students Based on a training the trainer model *Creating Safe Environments for LGBT Students* encourages the development of grassroots leadership within the school This unique book promotes a positive framework for navigating the challenging landscape of the Catholic tradition and the LGBT experience as it helps to establish anti harassment and anti bullying protocols for school environments and models for developing LGBT student support groups and gay straight student alliances The book promotes role play by students alumni teachers and parents a hallmark of the ministry work and training methods of the Catholic Pastoral Committee on Sexual Minorities and is flexible enough to allow each school's individual climate and culture to be respected *Creating Safe Environments for LGBT Students* includes first hand stories from students and teachers realistic dynamic and creative role play scenarios that explore various relationships between students teachers parents administrators and the school board opening prayer and meditation rituals a special foreword by Bishop Thomas J Gumbleton one of the few Catholic bishops to publicly affirm LGBT persons an extensive bibliography and glossary regarding the experiences language culture and spirituality of LGBT youth the latest research findings on at risk behaviors of LGBT teenagers training handouts that are easy to duplicate and use as transparencies a manual log that can be used as a training diary and much more *Creating Safe Environments for LGBT Students* is an essential resource for faculty and staff members at Catholic high schools particularly school administrators chaplains campus ministers psychologists social workers and counselors *Gays and Grays* Donal Godfrey, 2007-07-20 *Gays and Grays* tells the story of a unique Catholic parish Most Holy Redeemer Parish in San Francisco is in the center of the world's first gay neighborhood The Castro This parish was the center of the hostility to the arriving gay population in the 1970s but paradoxically was itself transformed into a welcoming parish The old time parishioners the gray bonded with the new comers the gay particularly in a joint compassionate response to the crisis of AIDS A charismatic pastor FR Tony McGuire also played a key role in the transformation of this interesting parish Most Holy Redeemer was changed from a dying parish to a vital place where gay and straight people together created something new Father Donal Godfrey shows how

this parish became prophetic and compassionate through conflict and compromise at times despite opposition from many sources including the institutionalized homophobia of the church and society Rather than becoming embittered the parish opened up to be a place of healing and indeed sanctuary for many This book tells this fascinating story and why it is significant beyond the scope of San Francisco Most Holy Redeemer is a place which has remained within the institution while at the same time challenging it with grace and humor This accessible and moving book is appropriate for all levels of students of congregational studies Sociology of Religion Gay or Queer Studies and Religion courses *Understanding Student Affairs at Catholic Colleges and Universities* Sandra M. Estanek, 2002 In response to the growing concern over nurturing Catholic identity at Catholic colleges and universities and an outcome of the Lilly funded Institute for Student Affairs at Catholic Colleges and Universities ISACC this book is the first of its kind to focus not only on student affairs in Catholic higher education but on lay men and women who received training at secular institutions An essential book for administrators staff and faculty at Catholic institutions of higher learning *God vs. Gay?* Jay Michaelson, 2012-05-08 A passionate argument for LGBTQ equality within religious communities a book for our times and a book for the ages EDGE The myth that the Bible forbids homosexuality the myth of God versus Gay is behind some of the most divisive and painful conflicts of our day In this provocative and game changing book scholar and activist Jay Michaelson shows that the Bible does not prohibit same sex intimacy but does quite the opposite In fact the vast majority of the Bible's teachings support the full equality and dignity of LGBTQ people from the first flaw it finds in creation It is not good for a person to be alone to the way religious communities grow through reflection and conscience Michaelson argues passionately for equality not despite religion but because of it With close readings of the Hebrew Bible and New Testament the latest data on the science of sexual orientation and a sympathetic accessible and ecumenical approach to religious faith Michaelson makes the case that sexual diversity is part of the beauty of nature The recognition of same sex families will strengthen not threaten the values religious people hold dear Whatever your views on religion and sexual diversity *God vs Gay* is a plea for a more compassionate informed conversation and a first step toward creating one *Delivering Culturally Competent Nursing Care* Gloria Kersey-Matusiak, 2012-10-01 I have found this book helpful Many fundamentals books gloss over the concept of cultural competence and students feel they understand until they are confronted with a clinical situation This book provides an opportunity for readers to gain a deeper and more practical understanding Doody's Medical Reviews Offering a how to approach to the development and application of cultural competency skills in nursing this text provides numerous techniques for cultural self assessment and cultural patient assessment Its unique framework for self assessment considered to be a highly important facet of developing culturally competent nursing care is based on the Cultural Competency Staircase Model a self assessment model developed by the author who has over 30 years of clinical practice in culturally diverse settings The text begins by defining cultural competency and describes how nurses can use the Staircase Model to determine their level of

cultural competence Emphasis is placed on developing cross cultural communication skills and resolving cross cultural conflicts The book provides tools for the cultural assessment of patients and focuses on working with culturally diverse colleagues and patient populations Using case vignettes it presents problematic clinical scenarios related to cultural diversity and discusses how to resolve them Each chapter opens with learning objectives and glossary terms and ends with key points NCLEX RN review questions and a list of additional resources The AACN Cultural Competencies for Baccalaureate Graduates are addressed in each chapter Key Features Provides multiple strategies to assist nurses in facilitating cultural competency Introduces an easy to follow self assessment model for nursing students and novice nurses Covers working with culturally diverse colleagues care of bariatric patients and care of new immigrants Includes challenging case scenarios drawn from real life situations Designed for use throughout undergraduate curriculum
