H.I.V.E. 6: Zero Hour Mark Walden, 2011-08 Overlord is on the brink of turning the world's population into zombie like drones forcing Nero to activate Zero Hour the ultimate defence

Zero Hour Mark Walden, 2013-03-19 As a final battle with Overlord looms near the H I V E heroes are up against an unimaginably dangerous weapon Bad news for the Higher Institute of Villainous Education aka H I V E Overlord is reborn and has developed the chilling ability to move from body to body erasing the host's personality and ultimately killing them Overlord must find Otto the only host designed to truly contain him and for that he needs to know the location of H I V E He also plans to take control of a secret U S Army facility that is home to the Autonomous Weapon Program a computer controlled system uniquely vulnerable to Overlord's control In the face of these threats Nero is forced to activate Zero Hour a plan designed to deal with any member of G L O V E the Global League of Villainous Enterprises who is on the brink of true global domination Nero also knows that Otto must not be allowed to fall into Overlord's hands and a desperate race across the globe begins

Bloodline Mark Walden, 2023-10-10 This ninth book in the H I V E series concludes the high octane adventures of the supremely talented team of criminals As the students of H I V E face the challenges of their final year at the school Otto Malpense is forced to confront his own legacy as a new threat rises from the shadows of his past Nothing will ever be the same again as Otto races against the clock to rescue his friends from a rival organization But as Otto desperately fights for his friends lives he ends up facing a deadly enemy more dangerous and powerful than any he's faced ever before an enemy who's a twisted product of his own bloodline From Italy to Russia to the United States *Bloodline* is a real tour de force and a fitting conclusion to the acclaimed H I V E series

Deadlock Mark Walden, 2016-02-02 High octane adventures continue in the eighth book of the H I V E series and the team of supremely talented criminals is forced to question everything they know about life as villains Otto and Raven are desperate to rescue their friends from the clutches of Anastasia Furan head of the evil Disciples organization First they must track down the location of the Glasshouse the prison where Furan trains children to become ruthless assassins But Otto is also being hunted In the three months since his expulsion from H I V E The Artemis Section an elite intelligence division that goes after the toughest targets and reports only

(Higher Institute of Villainous Education) Mark Walden,2011-08 H I V E Higher Institute of Villainous Education is a top secret school of applied villainy where children with a precocious gift for wrongdoing are sent to develop their talents into criminal mastermind After all villains have the best lines and wear the best costumes One small catch is that the children cannot leave until training is complete six years later With villainy comes a certain freedom of thought and every year one student in particular will show exceptional talent after all it takes the best to produce the worst This year there are two students Otto Malpense and his new friend Wing Fanchu are both exceptionally bad and they are definitely not keen on being held against their will for six long years **Dreadnought** Mark Walden,2012-06 A renegade faction of the world s most powerful villains is intent on destroying G L O V E Global League Of Villainous Enterprises and showing the world the true face of evil The Disciples begin by hijacking Diabolus Darkdoom s Airborne command post then they kidnap his son and his son s best friend Unfortunately for them Nigel Darkdoom and Franz also happen to be Otto s friends Heading out to America Otto Wing et al embark on a perilous and highly unauthorised rescue operation Cut off from the support of H I V E and on the run from American security forces the hunt for their friends leads to one of the US military s most secret facilities It becomes clear that the Disciples are not all they appear and in a desperate race against time Otto must work out who his real friends are and prevent the Disciples from completing their true objective Only Otto can save the world from domination by a sinister new world order but it might be that the price he has to pay is just too high When it comes to the crunch will he be prepared to sacrifice

himself *Rogue* Mark Walden,2011-09-27 The leaders of the world s villainous forces are being picked off one by one in a series of mysterious attacks and Dr Nero is forced to take temporary control of G L O V E when Diabolus Darkdoom is seriously injured He then discovers that Otto who has now been missing for several months since Dreadnought is leading the attacks Under pressure from the remaining members of the ruling council Nero is left with no choice but to issue a capture or kill order for Otto Wing learns of the order and persuades Raven to allow him to join her on her mission to retrieve Otto Other members of the ruling council suspicious of Nero s relationship with the boy have initiated their own missions to eliminate Otto Wing and Raven find themselves in a deadly race against time to track Otto down before the other G L O V E assassins get to him Their pursuit takes them to a secret facility hidden deep within the Amazon rainforest where they face a mysterious operative even deadlier than Raven Meanwhile back at H I V E the school s own automated defence systems turn against the pupils and staff And there is no one there to stop it *Hobbies* ,1954 **The Publishers Weekly** ,1956
