Understanding and Teaching Primary Geography Simon Catling, Tessa Willy, 2018-06-18 This book outlines how good teaching of primary geography can extend children's world awareness and help them make connections between their environmental and geographical experiences. Chapters offer guidance on important learning and teaching issues as well as the use and creation of resources from the school environment to the global context. It covers all the key topics in primary geography including understanding places, physical and human geography, environmental sustainability, learning outside the classroom, global issues, citizenship and social justice. Summaries, classroom examples and practical and reflective tasks are included throughout to foster understanding and support the effective teaching of primary geography. *Stories of Hope* Sandra Abegglen, Tom Burns, Richard F. Heller, Rajan Madhok, Fabian Neuhaus, John Sandars, Sandra Sinfield, Upasana Gitanjali Singh, 2025-07-02 Higher education is in crisis. Students are disengaged, lecturers are burned out and universities seem more preoccupied with rankings and revenue than with knowledge and wellbeing. But rather than dwell on the problems, this book focuses on solutions on hope. Bringing together a diverse range of educators and practitioners, this collection showcases real-world innovations that challenge the status quo and offer glimpses of a more humane and inspiring educational future. From rethinking systems and curriculum design to fostering imaginative collaboration and exploring the role of technology, the book highlights practical, hopeful interventions that are already making a difference. This is not a manifesto of complaints but an invitation to reimagine education. The contributors offer fresh perspectives from around the world illustrating how small but meaningful changes can transform learning spaces, empower educators and inspire students. For academics, teachers, administrators and anyone invested in the future of education, this book serves as both a source of inspiration and a call to action. It is an evolving ecosystem of ideas grounded in practice, rich with possibility and rooted in radical hope. Now is the time to create the change we wish to see.

Interventions for Improving Adaptive Behaviors in Children With Autism Spectrum Disorders Syriopoulou-Delli, Christine K., Folostina, Ruxandra, 2021-09-03 Millions of children have been diagnosed with autism or fall somewhere within the autism spectrum. Early intervention, education and training programs have been found to support these students immensely, leading to a higher level of independent social life than has previously been seen. Anxiety, bullying, communication and learning abstract concepts can be a great challenge for autistic children and can also provide an obstacle for social interaction with other children. It is important to continue offering these students access to a broad, enriched and balanced curriculum while also devising new approaches and alternative systems of communication that will help to facilitate their access to the educational process and foster adaptive behaviors. *Interventions for Improving Adaptive Behaviors in Children With Autism Spectrum Disorders* offers a current overview of modern practices regarding the teaching of autistic children. This book seeks to update the current practices for professionals working with autistic children, offer practical information regarding interventions and provide tools for managing autistic children in critical situations. Covering topics such as autism diagnostic observation schedule, inclusivity in schools and
