Marc Myers

Why Jazz Happened By Myers Marc 1st First Edition Hardcover2012121:

Why Jazz Happened Marc Myers, 2012-12-10 *Why Jazz Happened* is the first comprehensive social history of jazz. It provides an intimate and compelling look at the many forces that shaped this most American of art forms and the many influences that gave rise to jazz's post-war styles. Rich with the voices of musicians, producers, promoters, and others on the scene during the decades following World War II, this book views jazz's evolution through the prism of technological advances, social transformations, changes in the law, economic trends, and much more. In an absorbing narrative enlivened by the commentary of key personalities, Marc Myers describes the myriad of events and trends that affected the music's evolution, among them the American Federation of Musicians strike in the early 1940s, changes in radio and concert promotion, the introduction of the long-playing record, the suburbanization of Los Angeles, the Civil Rights movement, the British invasion, and the rise of electronic instruments. This groundbreaking book deepens our appreciation of this music by identifying many of the developments outside of jazz itself that contributed most to its texture, complexity, and growth.

This Enthralling Realm of E-book Books: A Detailed Guide Revealing the Pros of E-book Books: A World of Convenience and Flexibility Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of hardcopy books.
