The With Ness Of Our God Relationship In Every Dimension:

The With-Ness of Our God Jan Loyd, 2015-10-26 Do you realize that the Triune God offers us a relationship that encompasses every dimension every direction every angle every aspect every nuance every everything and every everyplace That's right our God longs that we know the reality of His loving Presence totally cocooning us in His Son by faith To explore this awesome truth we go to the Holy Scriptures to some small words that we could quickly gloss over Don't let these little words fool you These words called prepositions are power packed with truth for our minds hearts and lives So please join us in this journey through the unfathomable treasures of the Scriptures as we catch a fresh glimpse at our relationship with the Living God all through some verbal treasures called prepositions [Psalms for All Seasons](#) John F. Craghan, 2013-09-16 Dare to expect a new world through the power of prayer That is the challenge offered by Psalms for All Seasons John Craghan says that by praying the Psalms you will discover radical newness in your life as you align your heart with God's will The psalms are prayers of both praise and lament They fill us with confidence and consolation They teach us to be thankful and wise Psalms for All Seasons explores fifty five of the most beautiful psalms in the Bible The author's deft analysis places these ancient prayers squarely in contemporary times By examining the structure vocabulary and themes of the psalms he engages each example as a stunning prayer for the twenty first century This careful revision of the 1993 edition relies on the New American Bible Revised Edition and provides solid biblical scholarship to support the use of the Psalms in study and prayer

God or the Divine? Bernhard Nitsche, Marcus Schmücker, 2023-03-20 Is there a language of transcendence which does not fall under the well worn categories of monism theism pantheism biblical or pagan monotheism personal or tripersonal God or an impersonal absolute conceived as immanent and or transcendent The present set of studies from different fields of research centers on the question whether it is possible to speak at all of transcendence or a divinity and if it is under what limitations does such speech proceed In current discussion in theology and in philosophy of religion there is a pervasive awareness that the inherited terms and alternatives developed in the western tradition no longer facilitate an adequate understanding of the divine Increasing familiarity with the languages of immanence and transcendence under erasure in Hindu and Buddhist thought has further jumbled our coordinates while holding out the promise of a more subtle and vital engagement with the matter itself of religious inquiry A further long established distinction between personal and impersonal also takes on rich new hues in Asian contexts where the very notion of person may undergo unsettling critiques Transgressing the categories of personal and impersonal points to the mystical depth of religious traditions emphasizes their openness and reintegrates essential elements of both perspectives Advancing with curiosity and caution all the contributors take seriously the diversity of historical religious traditions while nevertheless searching for a fresh language that may connect these traditions and provide a common ground of understanding **ThirdWay**, 1991-07 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Faith Community**
