U2 R Volution Matt Snow:

U2: Revolution Mat Snow, 2014-10-10 They've frequently been described as the biggest band in the world. The Joshua Tree alone has sold more than fifteen million copies worldwide. They hold the record for the most Grammy wins by a rock act. And their 360 tour which started in 2009 attracted more than seven million fans and is one of the highest grossing tours of all time. U2 has revolutionized the definition of rock band by staying true to its beliefs and passions through meteoric success, public controversy and an astounding forty year working relationship. Now for the first time get the complete photographic history of one of the world's most influential and legendary rock bands. Mat Snow's U2 Revolution is lushly illustrated with over two hundred photos and two gatefold timelines exploring the band's incredible history. Starting with their roots in Dublin where the four teenaged friends first started playing together in Larry Mullen's kitchen, Snow follows the band through their debut album *Boy*, their chart topping albums of the 1980s, their record breaking tours and global activism of the 1990s and their reflective reconnection with core fans in the twenty first century. **Religion Around Bono** Chad E.

Seales, 2019-10-24 For many U2's Bono is an icon of both evangelical spirituality and secular moral activism. In this book Chad E. Seales examines the religious and spiritual culture that has built up around the rock star over the course of his career and considers how Bono engages with that religion in his music and in his activism. Looking at Bono and his work within a wider critique of white American evangelicalism, Seales traces Bono's career from his background in religious groups in the 1970s to his rise to stardom in the 1980s and his relationship with political and economic figures such as Jeffrey Sachs, Bill Clinton and Jesse Helms. In doing so, Seales shows us a different Bono: one who uses the spiritual meaning of church tradition to advocate for the promise that free markets and for profits will bring justice and freedom to the world's poor. Engaging with scholarship in popular culture, music, religious studies, race and economic development, Seales makes the compelling case that neoliberal capitalism is a religion and that Bono is its best known celebrity revivalist. Engagingly written and bitingly critical, *Religion Around Bono* promises to transform our understanding of the rock star's career and advocacy. Those interested in the intersection of rock music, religion and activism will find Seales's study provocative and enlightening. **The Who** Mat

Snow, 2023-12-19 The Who: The History of My Generation is the complete unofficial illustrated history of the legendary classic rock band starting from their debut album in 1965. *Artbibliographies Modern*, 1994 Abstracts of journal articles, books, essays, exhibition catalogs, dissertations and exhibition reviews. The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century. Photography is covered from its invention in 1839 to the present. A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature. Approximately 13,000 new entries are added each year. Published with title LOMA from 1969-1971. **Story Behind the Protest Song** Hardeep Phull, 2008-10-30

Features the most influential musical protests and statements recorded to date, providing pop culture viewpoints on some of

the most tumultuous times in modern history Includes songs about the Vietnam War the civil rights movement policy in the Middle East teenage rebellion animal rights and criticisms of mass media **U2: Revolution** Mat Snow,2019-10-01 Get an inside look at one the greatest rock bands of all time They ve frequently been described as the biggest band in the world The Joshua Tree alone has sold more than 15 million copies worldwide They hold the record for the most Grammy wins by a rock act And their 360 tour which started in 2009 attracted more than seven million fans and is one of the highest grossing tours of all time U2 has revolutionized the definition of rock band by staying true to its beliefs and passions through meteoric success public controversy and an astounding forty year working relationship Now for the first time get the complete photographic history of one of the world s most influential and legendary rock bands Mat Snow s U2 Revolution is lushly illustrated with over 200 photos and 2 gatefold timelines exploring the band s incredible history Starting with their roots in Dublin where the four teenaged friends first started playing together in Larry Mullen s kitchen Snow follows the band through their debut album Boy their chart topping albums of the 1980s their record breaking tours and global activism of the 1990s and their reflective reconnection with core fans in the twenty first century The Saturday Review ,1922 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1922 **The Saturday Review of Politics, Literature, Science and Art** ,1922 The New York Times Book Review ,1970-07
