Women S Lives Men S Laws Women S Lives Men S Laws:

Women's Lives, Men's Laws Catharine A. MacKinnon, 2007-04-30 *Women s Lives Men s Laws* collects papers by MacKinnon from 1980 to the present in which she discusses the deep gender bias of American law and the changes to legislation on sexual harassment rape and battering to which she has contributed **Women Criminals** Vickie Jensen, 2011-11-10 A unique two volume study that examines female crime and the women who commit it The two volume *Women Criminals An Encyclopedia of People and Issues* addresses both key topics and key figures in women s crime The first volume provides topical essays about areas critical to the understanding of female criminals such as the definition of women s crime explanations of women s criminality ethnic and age diversity in female criminals and responses of the criminal justice system The second volume comprises biographical entries profiling women who are obviously criminals such as Aileen Wuornos and Myra Hindley and also women who were victims of circumstance unjust laws or narrowly applied definitions of crime such as Rosa Parks Harriet Tubman and Sophie Scholl In addition to highlighting the breadth of women s criminality these portraits provide a holistic multifaceted understanding of the dynamics of women s crime and why it occurs connecting the individual stories to the larger social scientific perspectives Care has been taken to include the women s own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality

Freedom and Equality Clare Chambers, 2024-03-13 Should the state recognise gender Can a liberal state discourage traditional family structures Is women s sport compatible with equality of opportunity Should feminists defend women s freedom to choose cosmetic surgery Is genital cutting always wrong or is it only wrong for girls *Freedom and Equality* investigates the contours of feminist liberalism a philosophical approach that is appealing but elusive Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women s sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist

liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing gender equality and women s liberation alone Older Men's Lives Edward H. Thompson,1994-06-07 The first comprehensive exploration on the subject of older men Older Men s Lives offers a multidisciplinary portrait of men and their concerns in later life Using both a life course and gendered perspective the contributors to this collection of original articles point out that the image and self image of men are continuously reconstructed over the life cycle They examine older men s position in society and the changes wrought in their status and roles over time Their relationship with their spouses children grandchildren and friends are also explored as are policy implications of a gendered life cycle view of masculinity This volume also discusses faith development in older men masculinity identity from work to retirement older men s sexuality and older men s friendship patterns Older Men s Lives will be of interest to professionals and students interested in gender men s studies gerontology and sociology This book begins to remedy the lack of information and provides data and research on aging men The strength of this book is the specificity of its focus By focusing solely on male concerns the book is able to identify issues in the male aging process and discuss them on their own terms rather than simply as a contrast to females Clinical Gerontologist

Domestic Violence and Criminal Justice Nicola Groves,2013-12-04 This book aims to provide an up to date and comprehensive introduction to the subject of domestic violence and its interaction with the criminal justice system including agencies such as the police the Crown Prosecution Service the probation service and Children s Services the courts and the prison service as well as voluntary agencies such as Women s Aid The book also looks at how these various agencies work together at a local level and the coordinating role of the Home Office and the direction provided at a central level Domestic Violence and Criminal Justice examines the phenomenon of domestic violence the various forms it takes and the theories that have been put forward to explain it It takes an historical approach to examine policy and legislative developments over the last forty years and how those developments make themselves manifest today The authors provide an authoritative and critical account of the different agencies and the work they carry out both independently and jointly they also consider the limits of a crime centred response to domestic violence The book provides a conceptual framework in which domestic violence and criminal justice might be better understood It covers all the current issues in this field and it will be a source book in directing readers to further reading It will be essential reading for both students and practitioners in the field

Sexual Violence at Canadian Universities Elizabeth Quinlan,Andrea Quinlan,Curtis Fogel,Gail Taylor,2017-08-13 At least one in four women attending college or university will be sexually assaulted by the time they graduate Beyond this staggering statistic recent media coverage of rape chants at Saint Mary s University misogynistic Facebook posts from Dalhousie University s dental school and high profile incidents of sexual violence at other Canadian universities point to a widespread culture of rape on

university campuses and reveal universities failure to address sexual violence As university administrations are called to task for their cover ups and misguided responses a national conversation has opened about the need to address this pressing social problem This book takes up the topic of sexual violence on campus and explores its causes and consequences as well as strategies for its elimination Drawing together original case studies empirical research and theoretical writing from scholars and community and campus activists this interdisciplinary collection charts the costs of campus sexual violence on students and university communities the efficacy of existing university sexual assault policies and institutional responses and historical and contemporary forms of activism associated with campus sexual violence *Collaboration of Women's and Men's Leadership* Edith Khakasa Chemorion, 2023-02-24 Moving from Hegemony to Partnership in Leadership When God created women and men the intention was for them to be partners with each other and to serve in the world as cocreators with God The story of human beings however has been impacted with culture and other social factors to create different forms of hegemonies These hegemonies have been key in values that create social injustices that are in all spheres of life but more so in women and men relationships In cases of leadership and in many cultures men have adopted attitudes that justify exclusion of women from leadership In religious circles it is justified by the ways texts are read and interpreted through the lens of culture If we begin from the premises of justice and believing in a God of justice then hegemonic ways of understating leadership should be null and void Acknowledging that human beings are created in the image and likeness of God demands that we act differently What this has meant is to challenge injustice in leadership by men and women in partnership The circle of concerned African women theologians in Africa where Rev Edith Chemorion is a member has over the years provided safe spaces for mentoring women to research and write about the experiences of women but much more so to call for justice in all areas including the study of theological education and for leadership in the churches This has borne results because of the partnership of men and women Reverend Edith s contributions to the rallying call is that society moves from hegemony to partnership in all fronts but especially in offering leadership by all We are strong when we partner and we image God s will for society in partnership Prof Esther Mombo Lecturer Faculty of Theology St Paul s University Limuru Kenya Die Frau als besonderes Schutzobjekt strafrechtlicher Normen Sandra Mauer, 2009 Die Gleichheit vor dem Gesetz ist eine der zentralen Säulen eines jeden demokratischen Staates Die Gültigkeit dieses rechtlichen Postulats ist aber dann zu hinterfragen wenn begründet durch das Geschlecht des Opfers und die damit bedingte biologische Unterlegenheit Ungleichheit statt Gleichheit herrscht Die Verfasserin geht daher rechtsvergleichend der Frage nach ob und wie Frauen als besonderes Schutzobjekt strafrechtlicher Normen in der BRD und den Vereinigten Staaten von Amerika behandelt werden Gerade im US amerikanischen Strafrecht ist die Frau als Schutzobjekt auch im rechtlichen Bereich anerkannt da in den USA der Rechtsfeminismus also die Übertragung der Frauenbewegung auf das Recht traditionell stark vertreten ist Nach einer Einführung in die historische Entwicklung des Schutzobjektes Frau und den Rechtsfeminismus geht die Verfasserin sowohl

auf das sexuelle und körperliche Selbstbestimmungsrecht der Frau als auch auf ihre psychische und physische Gesundheit ein und erörtert hierfür strafrechtliche Normen die diese zu schützen suchen Dafür stellt sie auf den Themenfeldern Vergewaltigung Hausliche Gewalt Nachstellung Stalking Exhibitionismus Prostitution Genitalverstümmelung Abtreibung und Pornographie die wichtigsten Unterschiede zwischen den jeweiligen Regelungen der beiden Länder dar und geht der Frage nach ob das Strafrecht in seiner heutigen Form für den Schutz der Frau angemessen oder reformbedürftig ist Besonders beleuchtet wird die Frage welches der beiden Länder eine Vorbildfunktion für den Schutz der Frau eingenommen hat und ob anderweitig deklarierte Schutzgüter eine Gefahr für den Schutz der Frau darstellen

The New Sex Wars Brenda Cossman, 2021-10-26 Revisits the sex wars of the 1970s and 80s and examines their influence on how we think about sexual harm in the MeToo era MeToo's stunning explosion on social media in October 2017 radically changed and amplified conversations about sexual violence as it revealed how widespread the issue is and toppled prominent celebrities and politicians But as the movement spread a conflict emerged among feminist supporters and detractors about how punishment should be doled out and how justice should be served The New Sex Wars reveals that these clashes are nothing new Delving into the contentious debates from the 70s and 80s Brenda Cossman traces the striking echoes in the feminist divisions of this earlier period In exploring the history of past conflicts the resistance to finding common ground the media's pleasure in portraying the debates as polarized cat fights the simplification of viewpoints as pro and anti sex she shows how they have come to shape the MeToo era From the 70s to today Cossman examines tensions between the need for recognition and protection under the law and the colossal and ongoing failure of that law to redress historic injustice By circumventing law altogether MeToo has led us to question whether justice can be served outside of the courtroom Cossman argues for a different way forward one based on reparative models that focus on shared desired outcomes and the willingness to understand the other side Thoughtful and compelling The New Sex Wars explores what can be learned from these stories what traps we repeatedly fall into how we have been denied our anger and where to begin to make law work

Masculinity, Law, and the Family Richard Collier, 1995 Masculinity Law and Family examines the construction of masculinity in a variety of areas of law pertaining to the family Throughout Richard Collier integrates recent theoretical developments in legal studies with a social theory of gender the family and the social construction of masculinity After an overview of theoretical positions and a critique of traditional legal theory Richard Collier focuses on the legal regulation of homosexuality and transsexualism to show how confined is the view of masculine sexuality in legal discourse These arguments are further elaborated in a discussion of non consummation adultery and divorce as well as fatherhood and paternity Masculinity Law and Family is of central importance to our understanding of the social and political dimension of masculinity It will be invaluable to those interested in sociology gender studies and the law
