White Continent Novel War Antarctica:

White Continent David Poyer, 2016-01-01 A NOVEL OF RELENTLESS SUSPENSE ON EARTH'S FINAL FRONTIER For thirty years diehard David Poyer fans searched used bookstores for the few tattered copies surviving of WHITE CONTINENT This sprawling first novel reads like a remix of ATLAS SHRUGGED and THE DOGS OF WAR as retold by Robert Heinlein It follows a team of adventurers mercenaries outcasts and entrepreneurs in a daring coup to take over the last unclaimed land on earth the terrifyingly hostile continent of Antarctica Using advanced technology to survive and surplus weaponry to defend their new possession they now must hold this new state against all comers and build a Utopian society unlike any that exists elsewhere on earth This new edition cuts 10 000 words from the original text reading faster and more smoothly The geopolitical scene has changed greatly since WHITE CONTINENT was written But the book is still prescient in its foreshadowing of today's conflicting claims and impending resource wars in places like the Arctic and the China Sea Fans of Poyer's later books will notice hints of themes he's still exploring such as the search for authentic authority conflicted heroes and deeply layered multidimensional characters who think as well as act The Palgrave Handbook of Cold War Literature

Andrew Hammond, 2020-09-04 This book offers a comprehensive guide to global literary engagement with the Cold War Eschewing the common focus on national cultures the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders Drawing on specialists from across the world the volume analyses the period's fiction poetry drama and autobiographical writings in three sections dominant concerns socialism decolonisation nuclearism propaganda censorship espionage common genres postmodernism socialism realism dystopianism migrant poetry science fiction testimonial writing and regional cultures Asia Africa Oceania Europe and the Americas In doing so the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945-1989 period including specialists in comparative literature postcolonial literature contemporary literature and regional literature **National Interests in**
