Whos In Charge Here The Complex Relationship Between Ministry And Authority:

Who's in Charge Here? Unitarian Universalist Commission on Appraisal, 2013-06-01 How complex is the relationship between ministry and authority in our congregations Come find out what the Commission on Appraisal has learned from focus groups all over the country and dedicated listserv conversations Help us make the most of the coming year as we zero in on particular case studies Program guide American Unitarianism and the Protestant Dilemma Lydia Willsky-Ciollo, 2015-11-11 American Unitarians were not onlookers to the drama of Protestantism in the nineteenth century but active participants in its central conundrum biblical authority Unitarians sought what other Protestants sought which was to establish the Bible as the primary authority only to find that the task was not so simple as they had hoped This book revisits the story of nineteenth century American Unitarianism proposing that Unitarianism was founded and shaped by the twin hopes of maintaining biblical authority and committing to total free inquiry This story fits into the larger narrative of Protestantism which this book argues has been defined by a deep devotion to the singular authority of the Bible sola scriptura and conversely a troubling ambivalence as to how such authority should function How in other words can a book serve as a source of authority This work traces the greater narrative of biblical authority in Protestantism through the story of four main Unitarian figures William Ellery Channing Andrews Norton Theodore Parker and Frederic Henry Hedge All four individuals played a central role at different times in shaping Unitarianism and in determining how exactly religious authority functioned in their nascent denomination Besides these central figures the book goes both backward examining the evolution of biblical authority from the late medieval period in Europe to the early nineteenth century in America and forward exploring the period of Unitarian experimentation of religious authority in the late nineteenth century The book also brings the book firmly into the present exploring how questions about the Bible and religious authority are being answered today by contemporary Unitarian Universalists Overall this book aims to bring the American Unitarians firmly back into the historical and historiographical conversation not as outliers but as religious people deeply committed to solving the Protestant dilemma of religious authority **Turning Point** Fredric John Muir, 2016-01-22 Outlining a bold vision for the future of Unitarian Universalism 20 leaders issue a clarion call for change In inspiring fresh essays they implore us to collectively liberate ourselves from patterns that prevent us from becoming a robust faith for a new age Emerging from a history marred by the errors of individualism exceptionalism and anti authoritarianism Unitarian Universalism faces a crossroads Turning Point shows a way forward by embracing promises shaped from our theology generosity pluralism and imagination With essays that include the stories of creative new types of Unitarian Universalist communities across the country this essential new collection outlines a liberal faith for the twenty first century It offers a vision of an inclusive multicultural Beloved Community and inspires trust that Unitarian Universalism can deepen and grow once again meeting the aching needs of a new generation The Prayer Book Dictionary George Harford, Morley Stevenson, John Walton Tyrer, 1925 *The*
