Why Government Can't Save You John F. MacArthur, 2000-09-16 The Lord did not come as a political deliverer or social reformer He did not rally supporters in a grandiose attempt to capture the culture for morality or greater political and religious freedom Rather His divine calling was to rescue the lost souls of individual men and women from sin and hell In Why Government Can't Save You An Alternative to Political Activism author John MacArthur illustrates through Scripture that regardless of the numerous immoral unjust and ungodly failures of secular government believers are to pray and seek to influence the world for Christ by godly selfless and peaceful living under that authority not by protests against the government or by acts of civil disobedience Dr MacArthur will explore these areas Christians responsibility to authority How and why we should support our leaders How to live righteously in a pagan culture The principle of paying taxes Jesus lessons on tax exemptions The biblical purpose of government The principle and reasons for civil obedience To devote all or even most of our time energy money and strategy to putting a facade of morality on the world or the appearance of rightness over our governmental and political institutions is to badly misunderstand our roles as Christians in a spiritually lost world John MacArthur *Politics - According to the Bible* Wayne A. Grudem, 2010-09-28 Should Christians be involved in political issues This comprehensive and readable book presents a political philosophy from the perspective that the Gospel pertains to all of life including politics Politics According to the Bible is an in depth analysis of conservative and liberal plans to do good for the nation evaluated in light of the Bible and common sense Evangelical Bible professor and author of the bestselling book Systematic Theology Wayne Grudem unpacks and rejects five common views about Christian influence on politics compel religion exclude religion all government is demonic do evangelism not politics and do politics not evangelism Instead he defends a position of significant Christian influence on government and explains the Bible's teachings about the purpose of civil government and the characteristics of good or bad governments Grudem provides a thoughtful analysis of over fifty specific and current political issues dealing with The protection of life Marriage the family and children Economic issues and taxation The environment National defense Relationships to other nations Freedom of speech and religion Quotas And special interests Throughout this book he makes frequent application to the current policies of the Democratic and Republican parties in the United States but the principles discussed here are relevant for any nation Public Theology: Exploring Expressions of the Christian Faith Bonnie Miriam Jacob, Editor, 2020-09-06 This book is an important step in clarifying the issues that come up when addressing the public square It is an early effort towards a coherent theological frame for engagement in socio political issues this time rooted in the richness of a multi faith context like that of India While the church is the primary social context in which the saving power of God is made visible this book equally insists that it is in the larger arena of what God is doing in the world that the kingdom's historic presence is felt It is a fitting tribute to a man who has spent much of his life opening up the spaces where the Word is in vital conversation with the larger world Melba Padilla
