Lowering Your Cholesterol Levels Can Kill You says a new book that refutes the medical profession and pharmaceutical makers regarding the treatment and prevention of heart disease high blood pressure and strokes

*How to Really Prevent and Cure Heart Disease* shatters five leading myths that cost U S consumers nearly 200 billion per year alone In an open challenge to conventional medicine Dr Gottfried A Lange M D one of the world s leading advocates for alternative approaches to treating heart disease worldwide debunks the five most common myths about the causes and treatment of heart disease in his newest book entitled *How to Really Prevent and Cure Heart Disease* Dr Lange s book is a wake up call regarding the prevalent medical treatment of chronic diseases and prevention of hear diseases It cites scientific study after study that show the following About 50 billion per year is paid to pharmaceutical companies for drugs to lower cholesterol without any tangible improvement in heart attack and stroke statistics Cholesterol does NOT cause heart attacks and strokes High cholesterol levels are actually associated with longer life expectancy and low cancer rates Every person who suffers from cancer has a very low cholesterol level For example a total cholesterol count of below 160 triples the risk for a women dying from lung cancer Low cholesterol may contribute to declining sexual functions Alzheimer s disease and behavioral violence In a world where cardiovascular disease remains the leading cause of death and where three of four people diagnosed with cardiovascular disease will die from heart attack or stroke Dr Lange offers well documented preventative and curative approaches based on his quarter century of practice and research Since receiving his M D from Hamburg University in 1980 Dr Lange has specialized in natural medicine cellular nutrition and in life extension using vitamins and other powerful natural substances Based on decades of practical experience sifting out what really works Dr Lange has spent the past fifteen years working with and lecturing to health professionals and consumers on the use of advanced vitamin formulas to prevent and cure common killer diseases leading to the publication of his eye opening new work Dr Lange maps out several well documented remedies in his new book based on more than 250 scientific medical studies reports reviewed journals and his own work in cellular nutrition and detoxification The natural approaches include specific vitamin and food supplement therapies diet and exercise designed to specifically target arteriosclerosis and cardiovascular disease The book informs consumers on the proper working and functioning of cells and in particular shows how true healing must begin in the arterial wall itself The book is available for purchase in both electronic and printed formats It is highly recommended for anyone who is concerned about their own health and longevity and especially those who have been diagnosed as having high cholesterol

high blood pressure artery deposits or heart disease It is also recommended for anyone who has already had a stroke or heart attack and who wants to research and take charge of their own health This book provides vital information needed to really cure and prevent heart disease strokes and high blood pressure and become or stay healthy and fit for a lifetime **Stop**

Cardiovascular Disease CVD has two main components diseases of the heart cardio and diseases of the blood vessels vascular As such the circulatory system of the heart and blood vessels make up the cardio vascular system For example a heart attack is a disease of the heart while stroke is a disease of the blood vessels Both are major forms of CVD CVD has been the number one killer in the United States every year for more than a century except during the 1918 flu pandemic In 2004 CVD claimed 871 500 lives or one out of every 2 8 deaths The cost of caring for patients with CVD in the United States for 2006 is estimated at a whopping sum of US 403 1 billion The good news is that we don t have to be victimized by CVD Find out how the silent killers within namely pre diabetes diabetes cholesterol and high blood pressure are connected to CVD Discover how diet and nutrition selected food supplementation and lifestyle changes can help you prevent or reduce your risk of CVD The advice contained in this book can open the door to a healthier richer and happier life Take a positive step now to arrest the silent killers within and you will add years to your life and life to your years *In the Name of Science* Andrew

Goliszek,2003-11-15 As Goliszek demonstrates in this chilling book science has been called upon to kill people as often as it has to cure them The grim catalogue of inhumanities committed culminated with the Nazi experiments but in recent history the U S government has sponsored experiments on human subjects without their full knowledge **Diabetes without**

**Drugs** Suzy Cohen,2010-11-09 Based on breakthrough studies Cohen s program reveals how people with diabetes can reduce their need for prescription medication and minimize the disease s effect on the body Most doctors consider diabetes a one way street once you have it your only option is to manage the symptoms with a restricted diet close monitoring of blood sugar and expensive medications Pharmacist Suzy Cohen shows that diabetes can be treated instead through safe natural means like food and vitamins rather than strictly relying on prescription drugs She shifts the focus away from glucose management to a whole body approach using supplements minerals and dietary changes to lose weight repair cell damage improve insulin function and reduce the side effects from prescription drugs many of which rob nutrients from the body and cause additional symptoms This 5 step program uses natural alternatives such as drinking nutrition packed green drinks adding vitamin D and anti inflammatory supplements increasing fiber intake and including minerals in the diet to help restore the body s own supply of insulin Diabetes without Drugs explains how patients can protect their heart kidneys eyesight and limbs from the damage often caused by diabetes and shows the impact that the right foods and the right supplements can make in reducing blood sugar levels aiding weight loss and restoring vibrant health to everyone with diabetes **Psychological Healing: An Islamic Thought of Intellectual Fitness** Qamrul Khanson,2012-01-11 This book

Psychological Healing covers twenty five chapters filled with situations where humans succumb to challenging circumstances By following the advice the reader would fulfill its obligation of self counseling A self healing desired by your Lord a living admired by your fellow humans and satisfied by your own self of your fulfillment in life *Put Your Heart in Your Mouth*

Natasha Campbell-McBride, MD,2018-11-30 Put Your Heart in Your Mouth provides not only a well written easy to understand expose but also a practical plan for preventing heart disease and regaining health one that involves a return to traditional foods and an avoidance of environmental pollutants and common household chemicals And her recipe section is fantastic Put Your Heart in Your Mouth is must reading for anyone interested in diet and health Sally Fallon President of The Weston A Price Foundation Author of Nourishing Traditions If you stop any person on the street and ask them what causes heart disease you know what their answer will be butter and eggs meat and fat This infamous Diet Heart Hypothesis was proposed in 1953 and it took scientists all over the world a few decades to prove it wrong The trouble is that while science was beginning to cast doubt upon its basic tenets the Diet Heart Hypothesis was giving rise to a powerful and wealthy political and commercial machine with a vested interest in promoting it by means of anti fat and anti cholesterol propaganda presented relentlessly and with increasing intensity In Put Your Heart in Your Mouth Dr Campbell McBride tackles the subject of CHD Coronary Heart Disease caused by atherosclerosis a disease of the arterial wall that leads to narrowing and

obstruction of the arteries She maintains that conventional medicine does not actually know the cause of atherosclerosis or how to cure it and explores in this book what it is what causes it and how to prevent and reverse it She dispels the myth of the Diet Heart Hypothesis and explains that cholesterol is not the enemy but an integral and important part of our cell membranes Education of Cancer Healing Vol. VIII - Martyrs Peter Havasi, Popular Mechanics ,2000-12 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle *Defy Your Doctor and Be Healed* C.
