Whiteout The Cia Drugs And The Press:

Whiteout Alexander Cockburn, Jeffrey St. Clair, 1998 Describes CIA involvement in drug trafficking **War and Drugs** Dessa K. Bergen-Cico, 2015-11-17 War and Drugs explores the relationship between military incursions and substance use and abuse throughout history For centuries drugs have been used to weaken enemies stimulate troops to fight and quell post war trauma They have also served as a source of funding for clandestine military and paramilitary activity In addition to offering detailed geopolitical perspectives this book explores the intergenerational trauma that follows military conflict and the rising tide of substance abuse among veterans especially from the Vietnam and Iraq Afghan eras Addiction specialist Bergen Cico raises important questions about the past and challenges us to consider new approaches in the future to this longest of US wars **Cocaine, Death Squads, and the War on Terror** Oliver Villar, Drew Cottle, 2011-11-01 Since the late 1990s the United States has funneled billions of dollars in aid to Colombia ostensibly to combat the illicit drug trade and State Department designated terrorist groups The result has been a spiral of violence that continues to take lives and destabilize Colombian society This book asks an obvious question are the official reasons given for the wars on drugs and terror in Colombia plausible or are there other deeper factors at work Scholars Villar and Cottle suggest that the answers lie in a close examination of the cocaine trade particularly its class dimensions Their analysis reveals that this trade has fueled extensive economic growth and led to the development of a narco state under the control of a narco bourgeoisie which is not interested in eradicating cocaine but in gaining a monopoly over its production The principal target of this effort is the Revolutionary Armed Forces of Colombia FARC who challenge that monopoly as well as the very existence of the Colombian state Meanwhile U S business interests likewise gain from the cocaine trade and seek to maintain a dominant imperialist relationship with their most important client state in Latin America Suffering the brutal consequences as always are the peasants and workers of Colombia This revelatory book punctures the official propaganda and shows the class war underpinning the politics of the Colombian cocaine trade **Conspiracy Culture** Dr Peter Knight, Peter Knight, 2013-04-15 Conspiracy theories are everywhere in post war American culture From postmodern novels to The X Files and from gangsta rap to feminist polemic there is a widespread suspicion that sinister forces are conspiring to take control of our national destiny our minds and even our bodies Conspiracy explanations can no longer be dismissed as the paranoid delusions of far right crackpots Indeed they have become a necessary response to a risky and increasingly globalized world in which everything is connected but nothing adds up Peter Knight provides an engaging and cogent analysis of the development of conspiracy culture from 1960s countercultural suspicions about the authorities to the 1990s where a paranoid attitude is both routine and ironic Conspiracy Culture analyses conspiracy narratives about familiar topics like the Kennedy assassination alien abduction body horror AIDS crack cocaine the New World Order as well as more unusual ones like the conspiracies of patriarchy and white supremacy Conspiracy Culture shows how Americans have come to distrust not only the

narratives of the authorities but even the authority of narrative itself to explain What Is Really Going On From the complexities of Thomas Pynchon s novels to the endless mysteries of The X Files Knight argues that contemporary conspiracy culture is marked by an infinite regress of suspicion Trust no one because we have met the enemy and it is us **The Cost of Globalization** Julian E. Kunnie,2015-04-23 The issues arising from rapid global integration have generally been treated in isolation by most academic works This volume examines the many pitfalls of globalization from the perspective of impoverished and indigenous peoples including the widening wealth gap the struggle for restoration of dispossessed lands and cultural rights global warming and ecological annihilation and the experiences of women in underdeveloped regions The United States growing prison industrial complex is discussed The author concludes with a call for reassessing current ways of living and proposes recreating cultures of conservation and sustainable economies Instructors considering this book for use in a course may request an examination copy here *Projecting Paranoia* Ray Pratt,2001 A wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War The first book to take a sweeping look at 60 years of film and analyze them thematically **The Nation** ,2005 [UFOs and the National Security State: 1941-1973](#) Richard M. Dolan,2000 *Exporting 'Made in America' Democracy* Colin S. Cavell,2002-12-28 Exporting Made In America Democracy examines the various contradictory tensions that democracy promotion produces in the context of an increasingly capitalist globalization of the world that has accelerated in the post Cold War period and into the 21st century According to the author the Cold War between the U S and the Soviet Union 1945 1991 brought the question of democracy to the forefront of modern political debate and the subsequent collapse of the Soviet model was in part a consequence of the U S projection of its own capitalist democracy as a model to be exported and emulated throughout the world Cavell argues the promise of democracy as an Enlightenment ideal has been to transcend the dichotomy of ruler and ruled by establishing self rule of the people themselves as the normative basis of governance in the modern world To the contrary the U S National Endowment for Democracy NED is promoting a market oriented democracy benefiting corporate interests which enhance U S economic and political hegemony [Alternative Press Index](#) ,2001 **Discovering America as it is** Valdas Anelauskas,1999 Scathing critique of contemporary America written by a Soviet dissident who arrived in the United States with great expectations and discovered a scathing reality Howard Zinn back cover *Espionage and Intelligence Gathering* Louise I. Gerdes,2004 Presents a collection of essays covering a variety of topics dealing with intelligence gathering and espionage **Drugs in Afghanistan** David Macdonald,Dave Macdonald,2007-01-20 Afghanistan is the world s largest producer of opium and heroin This book explores the devastating impact that the drugs trade has had on the Afghan people Author David Macdonald has worked as a drugs advisor to the UN Based on his extensive experience this book breaks down the myths surrounding the cultivation and consumption of drugs providing a detailed analysis of the

history of drug use within the country He examines the impact of over 25 years of continuous conflict and shows how poverty and instability has led to an increase in drugs consumption He also considers the recent rise in the use of pharmaceutical drugs resulting in dangerous chemical cocktails and analyses the effect of Afghanistan s drug trade on neighbouring countries *Enduring Freedom Or Enduring War?* Carl Mirra,2005 **Cumulated Index to the Books** ,1999
 Fortnight ,1999 America: 1940-1961 Ed Sanders,2000 **America** Ed Sanders,2000 *Red State Rebels* Joshua Frank,Jeffrey St. Clair,2008 Resistance is Fertile The commonsense revolution taking place where we least expect it
