O'Callaghan,2019-05-15 In this magisterial work Joseph O Callaghan offers a detailed account of the establishment of Alfonso X s legal code the Libro de las leyes or Siete Partidas and its applications in the daily life of thirteenth century Iberia both within and far beyond the royal courts O Callaghan argues that Alfonso X el Sabio the Wise was the Justinian of his age one of the truly great legal minds of human history Alfonso X the Justinian of His Age highlights the struggles the king faced in creating a new coherent inclusive and all embracing body of law during his reign O Callaghan also considers Alfonso X s own understanding of his role as king lawgiver and defender of the faith in order to evaluate the impact of his achievement on the

administration of justice Indeed such was the power and authority of the Alfonsine code that it proved the king's downfall when his son invoked it to challenge his rule Throughout this soaring legal and historical biography O Callaghan reminds us of the long term impacts of Alfonso X's legal works not just on Castilian and later Iberian life but on the administration of justice across the world Trust Companies, 1926 Friends' Review Enoch Lewis, Samuel Rhoads, 1864 Feminist Thinkers and the Demands of Femininity Lori Jo Marso, 2013-01-11 Examining the lives and work of historical and contemporary feminist intellectuals Feminist Thinkers and the Demands of Femininity explores the feminist struggle to have it all This fascinating interdisciplinary study focuses on how feminist thinkers throughout history have long striven to balance politics intellectual work and the material conditions of femininity Taking a close look at this quest for an integrated life in the autobiographical and theoretical writings of well known feminists such as Mary Wollstonecraft Emma Goldman and Simone de Beauvoir alongside contemporary counterparts like Azar Nafisi Audre Lorde and Ana Castillo Marso moves beyond questions of who women are and what women want adding an innovative personal dimension to feminist theory showing how changing conceptions of femininity manifest themselves within all women's lives Lawyers' Reports Annotated, 1893 **A Genealogical History of the Dormant** Bernard Burke, 1866 Routledge Revivals: Medieval England (1998) Paul E.
