Win Forever Live Work And Play Like A Champion:

Win Forever Pete Carroll, Yogi Roth, Kristoffer A. Garin, 2011-08-02 I know that I'll be evaluated in Seattle with wins and losses as that is the nature of my profession for the last thirty five years But our record will not be what motivates me Years ago I was asked Pete which is better winning or competing My response was instantaneous Competing because it lasts longer Pete Carroll is one of the most successful coaches in football today As the head coach at USC he brought the Trojans back to national prominence amassing a 97-19 record over nine seasons Now he shares the championship winning philosophy that led USC to seven straight Pac 10 titles This same mind set and culture will shape his program as he returns to the NFL to coach the Seattle Seahawks Carroll developed his unique coaching style by trial and error over his career He learned that you get better results by teaching instead of screaming and by helping players grow as people not just on the field He learned that an upbeat energetic atmosphere in the locker room can coexist with an unstoppable competitive drive He learned why you should stop worrying about your opponents why you should always act as if the whole world is watching and many other contrarian insights Carroll shows us how the Win Forever philosophy really works both in NCAA Division I competition and in the NFL He reveals how his recruiting strategies training routines and game day rituals preserve a team's culture year after year during championship seasons and disappointing seasons alike Win Forever is about more than winning football games it's about maximizing your potential in every aspect of your life Carroll has taught business leaders facing tough challenges He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA His words are true in any situation If you want to win forever always compete

Si quieres ganar lucha Embracing a Competitive Life Michael J. Hopkins, 2025-08-08

Embracing a Competitive Life offers an autobiographical sketch of the role that competition played both informally and formally in the life of Michael J Hopkins for six decades. Nearly the first twenty five years of this competitive life were as a student athlete and coach in his hometown of Beloit Wisconsin. After accepting a full time position teaching high school social studies in Darlington Wisconsin in 1980 competitive actions intensified. Both on and off the field of play a sometimes arduous journey had to be endured through a series of personal and team trials and triumphs. Trials included coping with devastating losses in sports and beyond the lifelong personal battle with social anxiety and bouts of depression and being victimized by acts of violence. Triumphs included winning baseball and basketball championships learning to better serve others with humility and making strides in becoming more of a player's first coach. The wisdom gained from all these experiences has fueled the desire to share at least one hundred fifty life lessons related to embracing a competitive life.
