It concentrates on contemporary planning concepts and how ISTEA compares to the best available planning practices. The Advisory Commission on Intergovernmental Relations (ACIR) used three sources of information to make this assessment: an extensive review of contemporary planning literature; an evaluation of the 70 certification and enhanced planning reviews available from federal review teams by May 1996; and ACIR field work with 11 MPOs under 100,000 population that are well below the size of those receiving formal federal review. **Public Administration and Public Affairs** Nicholas Henry, 2010 For introductory courses in public administration, public affairs, and public policy. Public Administration and Public Affairs examines the realities underlying the stereotypes that are brought out by both phrases. Public Administration and Public Affairs is about both the means used to fulfill the public interest and the human panoply that is the public interest. It keeps up with the tumultuous world of public administration and public affairs and it reports that tumult in a reasonably engaging manner. **Publications Catalog** World Bank, 2008 **Recent Publications on Governmental Problems** , 1988 **Subject Guide to Books in Print** , 2001
