The Subversion Of Christianity:

The Subversion of Christianity Jacques Ellul, 2011-06-02 Pointing to the many contradictions between the Bible and the practice of the church Jacques Ellul asserts in this provocative and stimulating book that what we today call Christianity is actually far removed from the revelation of God Successive generations have reinterpreted Scripture and modeled it after their own cultures thus moving society further from the truth of the original gospel The church also perverted the gospel message for instead of simply doing away with pagan practice and belief it reconstituted the sacred set up its own religious forms and thus resacralized the world Ellul develops several areas in which this perversion is most obvious including the church's emphasis on moralism and its teaching in the political sphere The heart of the problem he says is that we have not accepted the fact that Christianity is a scandal we attempt to make it acceptable and easy and thus pervert its true message Ultimately however Ellul remains hopeful For in spite of all that has been done to subvert the message of God the Holy Spirit continues to move in the world Christianity writes Ellul never carries the day decisively against Christ

Babel Church Li Ma, 2021-03-16 Assisted by a diverse mass media industry American evangelicalism has been long plagued by consumerism entrepreneurship and social engineering Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye Without fixing its dysfunctions these ministry models have expanded to other parts of the world reaping similar fruits of corruption prejudice and abuses The alarm call of MeToo and ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns What kind of response does the MeToo movement require of our public theology and leadership ethics Sociologist Li Ma invites us to re engage with biblical exegesis while being attentive to new mandates of God revealed from MeToo A creative Ellulian integration of sociological analysis and theology Babel Church incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ

Secular Nations under New Gods Willem H. Vanderburg, 2018-12-21 The ongoing political muscle flexing of diverse Christian communities in North America raises some deeply troubling questions regarding their roles among us Earlier analyses including Herberg's Protestant Catholic Jew showed that these three branches of the Judaeo Christian tradition correspond to three forms of the American way of life while Kruse's One Nation Under God showed how Christian America was shaped by corporate America Willem H Vanderburg's Secular Nations under New Gods proceeds based on a dialogue between Jacques Ellul's interpretation of the task of Christians in the world and Ellul's interpretation of the roles of technique and the nation state in individual and collective human life He then adds new insight into our being a

symbolic species dealing with our finitude by living through the myths of our society and building new secular forms of moralities and religions If everything is political and if everything is amenable to discipline based scientific and technical approaches we are perhaps treating these human creations the way earlier societies did their gods as being omnipotent without limits Vanderburg argues that until organized Christianity becomes critically aware of sharing these commitments with their societies it will remain entrapped in the service of false gods and thereby will continue to turn a message of freedom and love into one of morality and religion *A History of Christianity in the Apostolic Age* Arthur Cushman McGiffert,1897 *The Early Years of Christianity: Christian life and practice in the early church* Edmond de Pressensé,1878
