Ancient West & East: Volume 2 G R Tsetschladze, 2003-06-01 Published twice yearly this work is devoted to the study of the history and archaeology of the periphery of the Graeco Roman world It includes essays on the wine presses of Western Phrygia Gepids in the 3rd 5th centuries CE and the population around the Greek colonies in the Black Sea area

Introduction to Comparative Politics Robert Hislop, Anthony Mughan, 2012-03-26 This stimulating and accessible introduction to comparative politics offers a fresh perspective on the fundamentals of political science Its central theme is the enduring political significance of the modern state despite severe challenges to its sovereignty There are three main sections to the book The first traces the origins and meaning of the state and proceeds to explore its relationship to the practice of politics The second examines how states are governed and compares patterns of governance found in the two major regime types in the world today democracy and authoritarianism The last section discusses several contemporary challenges globalization ethnic nationalism terrorism and organized crime to state sovereignty Designed to appeal to students and professors alike this lively text engages readers as it traces states struggles against the mutually reinforcing

pressures of global economic and political interdependence fragmented identities and secessionism transnational criminal networks and terrorism **Remember Hungary, 1956** Tibor Glant, 2007 Consisting of five essays examining the American portrayal of the Hungarian Revolution of 1956 this title examines depictions in the New York Times history textbooks fiction prose art and memoirs of diplomats **Encounter, Transformation, and Agency in a Connected World** Susan Broomhall, 2023-07-28 Analysing a series of narratives that described women who transformed the worlds they lived in this book introduces students and scholars to the lives of the women of Joseon Korea 1550 1700 Exploring their interactions both at home and abroad this book shows how the agency of these women reached far across the globe The narratives explored here appeared in a wide range of written visual and material forms from woodcuts and printed texts letters journals and chronicles to inscriptions on monuments and were produced by Joseon s elite officials grieving families Japanese civic administrators Jesuit missionaries local historians of the Japanese ceramic industry and men of the Dutch East India Company The women whose voices lives and actions were presented in these texts lived during a time when Joseon Korea was undergoing substantial social political and cultural changes Their works described women s capacity to transform in ways large and small themselves their families and society around them Interest in such women was not limited to a readership within the kingdom alone in this period but was reported across transnational networks to a global audience from Japan to Europe carrying messages about Korean women s agency far and wide Encounter Transformation and Agency in a Connected World Narratives of Korean Women 1550 1700 is essential reading for students and scholars interested in the history of Joseon Korea and Asia and the history of women in the early modern period more broadly [Why States Matter in Economic Development](#) Jawied Nawabi, 2024-04-29 This book examines the underlying conditions that give rise to states that are effective efficient and bureaucratically inclusive with their developmental policies In spite of humanity s significant advancements in science technology and institutionalization of universal human rights conventions in the last seven decades many countries are still failing to achieve successful development results As a result enormous levels of inequality poverty and malnutrition prevail This book focuses on the role of the state in the political economy of development tracing the socio economic origins of effective state institutions from a comparative historical institutional perspective Drawing on the case studies of South Korea Brazil India Spain France and England the study looks at how good state institutions form and why these are central to the socioeconomic advancement of their populations The book contends that effective developmental states are those in which state actors are able to effectively diminish and co opt the power of the country s landed elites during the early years of state building Effectively the power balance between these two classes determines the developmental trajectory of the state Considering agrarian reform as the foremost indispensable policy tool to open conditions for positive changes in effective taxation education healthcare and strategic sustainable industrial policies this analysis offers a significant contribution to the literature on the sociology of institutions and the political economy of

development As well as being a key reading for advanced students and researchers in these areas this book draws real life policy lessons for practitioners and policy makers in the developing world Masquerades in African Society Walter E. A. Van Beek, Harrie M. Leyten, 2023 What is the meaning of masks and masquerades in African traditions and how can we understand their role in rituals and performances Why do we find masks in some African regions and not in others and what does this mask habitat say about the general dynamics of masquerades in Africa Though masks are among the most famous art icons of Africa exploration of their uses and the way in which they articulate social characteristics of African societies has been underexamined This book takes an anthropological perspective on the phenomenon of masquerades on the African continent to show how mask rituals are an integral part of African indigenous religions and societies and are informed by and linked to specific types of social and ecological conditions Having established the commonalities of mask rituals and a mask typology the authors look at the varieties of mask performances and the types of rituals in which masks function in rites of passage and in rituals of gender power and identity *Religion, Enlightenment and Empire* Jessica Patterson, 2021-12-16 In the second half of the eighteenth century several British East India Company servants published accounts of what they deemed to be the original and ancient religion of India Drawing on what are recognised today as the texts and traditions of Hinduism these works fed into a booming enlightenment interest in Eastern philosophy At the same time the Company's aggressive conquest of Bengal was facing a crisis of legitimacy and many of the prominent political minds of the day were turning their attention to the question of empire In this original study Jessica Patterson situates these Company works on the Hindu religion in the twin contexts of enlightenment and empire In doing so she uncovers the central role of heterodox religious approaches to Indian religions for enlightenment thought East India Company policy and contemporary ideas of empire *The Atlantic World* Toyin Falola, Kevin D. Roberts, 2008-04-16 This ambitious work provides an overview of the Atlantic world since the 15th century by exploring the major themes that define the study of this region Contact with Europeans in Africa and the Americas the slave trade gender and race in the early Atlantic world independence movements in Africa Caribbean nationalism and gender and identity in the 20th century are just a few subjects discussed Moving beyond the micro histories of the scholarly monograph to connect the fruits of those researches with broader events and processes this book in the editors words makes a concerted effort to re connect elites and non elites Old World and New early modern and modern and economics and culture It will be a point of embarkation for a new generation of students of the Atlantic world **Occultism in a Global Perspective** Henrik Bogdan, Gordan Djurdjevic, 2014-09-11 The study of the ideas and practices associated with occultism is a rapidly growing branch of contemporary scholarship However most research has focused on English and French speaking areas and has not addressed the wider spread and significance of occultism Occultism in a Global Perspective presents a broad international overview Essays range across the German magical order of the Fraternitas Saturni esoteric Satanism in Denmark sexual magic in Colombia and the reception of occultism in modern

Turkey India and the former Yugoslavia As any other form of cultural practice the occult is not isolated from its social discursive religious and political environment By studying occultism in its global context the book offers insights into the reciprocal relationships that colour and shape regional occultism The Wiley-Blackwell Companion to African Religions Elias Kifon Bongmba,2012-03-12 The Wiley Blackwell Companion to African Religions brings together a team of international scholars to create a single volume resource on the religious beliefs and practices of the peoples in Africa Offers broad coverage of issues relating to African religions considering experiences in indigenous Christian and Islamic traditions across the continent Contributors are from a variety of fields ensuring the volume offers multidisciplinary perspectives Explores methodological approaches to religion from anthropological philosophical and historical perspectives Provides insights into the historical developments in African religions as well as contemporary issues such as the development of African initiated churches neo traditional religions and Pentecostalism Discusses important topics at the intersection of culture and religion in Africa including the arts health politics globalization gender relations and the economy **Liquid Metal** Sean Redmond,2005-01-19 Liquid Metal brings together seminal essays that have opened up the study of science fiction to serious critical interrogation Eight distinct sections cover such topics as the cyborg in science fiction the science fiction city time travel and the primal scene science fiction fandom and the 1950s invasion narratives Important writings by Susan Sontag Vivian Sobchack Steve Neale J P Telotte Peter Biskind and Constance Penley are included **Putin and Putinism** Ronald J. Hill,Ottorino Cappelli,2013-10-31 After two terms as president of the Russian Federation Vladimir Putin handed over to his hand picked successor Dmitri Medvedev on 7 May 2008 and became prime minister As president Putin moved swiftly and effectively to overcome the chaotic legacy of his predecessor post Soviet Russia s first president Boris Yeltsin Focusing on rebuilding the authority of the Russian state and taking advantage of the rise in world prices of the country s main asset oil and natural gas Putin won unassailable popularity at home and caused apprehension around the world particularly in Russia s immediate neighbourhood His methods of rule caused anxiety among liberals and democrats inside Russia and abroad The legacy of Putin s presidency poses challenges that demand interpretation He has not departed from the Russian or the world political scene and the need to understand and come to terms with Putin s Russia has not diminished These essays by an international team of authors are based on presentations to a working conference held in Naples Italy in May 2008 supplemented by contributions from authors who were not present at the conference in order to present a wider selection of views and interpretations of the Putin phenomenon This book was published as a special issue of Communist Studies and Transition Politics *The Construction of Communities in the Early Middle Ages* Richard Corradini,Maximilian Diesenberger,Helmut Reimitz,2003 This volume provides a complex discussion of the variety of social efforts which were undertaken to create meaningful communities in the process of the formation of the early medieval gentes and kingdoms in the post Roman west **Affective Encounters** Di Wu,2020-08-17 Against the background of China s rapidly growing and

sometimes highly controversial activities in Africa this book is among the first of its kind to systematically document Sino African interactions at the everyday level Based on sixteen months of ethnographic fieldwork at two contrasting sites in Lusaka Zambia a Chinese state sponsored educational farm and a private Chinese family farm Di Wu focuses on daily interactions among Chinese migrants and their Zambian hosts Daily communicative events e g banquets market negotiations work place disputes and various social encounters across a range of settings are used to trace the essential role that emotion affect plays in forming and reproducing social relations and group identities among Chinese migrants Wu suggests that affective encounters in everyday situations as well as failed attempts to generate affect should not be overlooked in order to fully appreciate Sino African interactions Deeply researched and with rich ethnographic detail this book will be relevant to scholars of anthropology international development and others interested in Sino African relations *Nationalism and Intra-State Conflicts in the Postcolonial World* Fonkem Achankeng, 2015-09-28 This book highlights the complexities of nationalism and the struggles of different groups left unaddressed within the nation states of a postcolonial world The central question is what happened to the worldly and radical visions of freedom liberty and equality that animated intellectual activists and policy makers from Woodrow Wilson in the 1920s This book analyzes the outcome of lumping disparate groups of people together under one nation state and holding them together against the knowledge of the incompatibility theory of plural states In a world of arbitrarily and colonially mapped sovereign states groups and nations with distinctive histories and cultures trapped within the borders of sovereign states want the freedom to decide their own destinies This book challenges deconstructs and decolonizes Western epistemologies related to postcolonial state formation and maintenance In examining the freedom concept that no human group ought to be determining the independence of other human groups this book constructs an alternative conceptualization of nations and peoples rights in the twenty first century in which radical hopes and global dreams are recognized as central to internal nationalism struggles *The Russo-Turkish War, 1768-1774* Brian L. Davies, 2016-01-28 The Russo Turkish War was one of the most decisive conflicts of the 18th century In this book Brian Davies offers a thorough survey of the war and explains why it was crucial to the political triumph of Catherine the Great the southward expansion of the Russian Empire and the rollback of Ottoman power from southeastern Europe The war completed the incorporation of Ukraine into the Russian Empire ended the independence of the great Cossack hosts removed once and for all the military threat from the Crimean Khanate began the partitions of Poland and encouraged Catherine II to plan projects to complete the liberation of the lower Danubian and Balkan Slavs and Greeks The war legitimated and secured the power of Catherine II finally made the Pontic steppe safe for agricultural colonization and won ports enabling Russia to control the Black Sea and become a leading grain exporter Traditionally historians Sorel for example have treated this war as the beginning of the Eastern Question the question of how the European powers should manage the decline of the Ottoman Empire A thorough grasp of the Russo Turkish War is essential to understanding the complexity and volatility of diplomacy in

18th century Europe This book will be an invaluable resource for all scholars and students on European military history and the history of Eastern Europe

The Transformation of American Religion Amanda Porterfield, 2001-04-05 As recently as a few decades ago most people would have described America as a predominantly Protestant nation Today we are home to a colorful mix of religious faiths and practices from a resurgent Catholic Church and a rapidly growing Islam to all forms of Buddhism and many other non Christian religions How did this startling transformation take place A great many factors contributed to this transformation writes Amanda Porterfield in this engaging look at religion in contemporary America Religious activism disillusionment with American culture stemming from the Vietnam war the influx of Buddhist ideas a heightened consciousness of gender and the vastly broadened awareness of non Christian religions arising from the growth of religious studies programs all have served to undermine Protestant hegemony in the United States But the single most important factor says Porterfield was the very success of Protestant ways of thinking emphasis on the individual s relationship with God tension between spiritual life and religious institutions egalitarian ideas about spiritual life and belief in the practical benefits of spirituality Distrust of religious institutions for instance helped fuel a religious counterculture the tendency to define spiritual truth against the dangers or inadequacies of the surrounding culture and Protestantism s pragmatic view of spirituality played into the tendency to see the main function of religion as therapeutic For anyone interested in how and why the American religious landscape has been so dramatically altered in the last forty years The Transformation of Religion in America offers a coherent and persuasive analysis
