Current Issues in Reading, Writing and Visual Literacy Helene Christina Demirci, Christina Gitsaki, Melanie Taylor Gobert, 2015-10-28 This volume brings together a collection of papers presented at the 2014 World Congress of the International Association of Applied Linguistics AILA held in Brisbane Australia and represents current research and practice from across the globe related to reading writing and visual literacy Given that globalisation has resulted in an increase in the pursuit of second language often English literacy for those who want to enhance their access to better education and

employment options the development of literacy skills cannot be left to chance This book explores current efforts to tease out the variables involved in the development of literacies and will inform educators and teacher trainers of ways to improve classroom pedagogies and increase learner literacy competencies The volume will be of use to both new and seasoned researchers wishing to enhance their understanding of current and emerging perspectives in the development of literacies It will also be of interest to language teachers and language policy makers as the papers address current issues in language education

Training Readers and Writers for a Multimodal and Multimedia Society: Cognitive Aspects Ester Trigo-Ibanez, Inmaculada Clotilde Santos Diaz, Marcela Jarpa, 2024-02-07 Contemporary societies have been advancing gradually towards the construction of a model of a literate population Significant efforts have been made so that most citizens can access various sources today using their reading and writing abilities but are we really prepared to face the information age Is information literacy being promoted from schools Are individual capabilities being considered Do we have a true critical literacy This article collection aims to show an overview of the most recent research ranging from the individual to the collective from the subject's competencies and their beliefs to the way to develop them from school There is room in this Research Topic for investigations belonging to the linguistic psychological and didactic field This Research Topic aims to address a pressing problem in contemporary world societies It is proposed to offer various contributions related to critical literacy in general and reading and writing In this sense research that addresses analog and digital reading writing processes academic literacy and the use of resources such as non fiction illustrated books to develop critical thinking will be welcome But also and in a very important way the cognitive processes of the subject will be considered not only to deal with access to information but also in the construction of their mental lexicon an issue that offers the vision of the world of those who are immersed in literacy and in the post truth era
