Congressional-Executive Commission on China,2022 **Hong Kong's Second Return to China** Jennifer Eagleton,2025-03-24 This book is a cross disciplinary study incorporating political science law and sociolinguistics in its examination of Hong Kong s National Security Law which has impacted many aspects of life in the city Through a critical discourse analysis lens it details the lead up to the Law s introduction in 2020 a textual analysis of the Law itself the selling the Law to the public the accompanying electoral changes the effect on civil society and the discourse of dissidents in exile It ends with speculation on what the future will bring to the so called One Country Two Systems as it goes forward The book caters for the general reader the university student and seasoned academic who want to be informed about the changes in Hong Kong as it transitions to be more fully China The book ultimately argues that the One Country Two Systems experimental framework had always been problematic from both a rhetorical and ideological perspective [We Flee from Hong Kong](#) Yu-shi Lan,1958 **Migration, Borders and Education** Jessica Gerrard,Arathi Sriprakash,2020-05-21 This book brings together high quality international research which examines how migration and borders are experienced in education It presents new conceptualisations of education as a border regime demonstrating the need for closer attention to border thinking and diasporic and transnational analyses in education We live in a time in which borders material and political are being reasserted with profound social consequences Both the containment and global movement of people dominate political concerns and inevitably impact educational systems and practices Providing a global outlook the chapters in this book present in depth sociological analyses of the ways in which borders are constituted and reconstituted through educational practice from a diverse range of national contexts Key issues taken up by authors include immigration status and educational inequalities educational inclusion and internal migration curricula nationalism and global citizenship education and labour the educational experiences of refugees and the politics of refugee education student migration and adult education and nationalism colonialism and racialization This book was originally published as a special issue of International Studies in Sociology of Education *Among the Braves* Shibani Mahtani,Timothy McLaughlin,2023-11-07 Through the eyes of two frontline journalists comes a gripping narrative history of the Hong Kong pro democracy movement centered around a cast of four core activists culminating in the 2019 mass protests and Beijing s brutal crackdown Hong Kong was an experiment in governance Handed back to China in 1997 after 156 years of British rule it was meant to be a carve out between hostile systems a bridge between communism and capitalism authoritarianism and liberal democracy One country two systems kept its media free its courts independent and its protests boisterous designed also to convince Taiwan of a peaceful solution to Beijing s desire for reunification Yet this formulation excluded Hong Kong s

own people their future negotiated by political titans in faraway capitals In 2019 an ill conceived law spear headed by a sycophantic leader pushed millions to take to the streets in one of the most enduring protest movements the world has ever seen Xi Jinping responded with a draconian national security law that sought not only to end the demonstrations but quash the problem of Hong Kongers identity and desire for freedom Reverend Chu who believed Hong Kong had to carry the spirit of students at Tiananmen Square saw his silver haired comrades who birthed the city s modern pro democracy movement handcuffed and taken from their homes Tommy an art student radicalized into throwing Molotov cocktails watched braves like him brutalized by police before his own arrest prompted him to flee Finn epitomized the decentralized nature of the movement and its internet fueled victories but online anonymity couldn t stop his life from unravelling Gwyneth could predict her eventual fate when she chose to give up her career as a journalist to stand for election as an opposition candidate and did it anyway In *Among the Braves* Shibani Mahtani and Timothy McLaughlin tell the story of Hong Kong s past and what the sacrifices of its people mean for global democracy s shaky foundation *A Hong Kong Union Catalogue* H.
