Weird Ideas That Work How To Build A Creative Company:

Weird Ideas That Work Robert I. Sutton, 2002 Sutton is a sought after consultant speaker and Stanford professor This book brings together 11 of his proven counter intuitive ideas that work from hiring people that make employers squirm to encouraging projects likely to fail

Weird Ideas That Work Robert I. Sutton, 2007-05-15 A breakthrough in management thinking weird ideas can help every organization achieve a balance between sustaining performance and fostering new ideas To succeed you need to be both conventional and counterintuitive Creativity new ideas innovation in any age they are keys to success Yet as Stanford professor Robert Sutton explains the standard rules of business behavior and management are precisely the opposite of what it takes to build an innovative company We are told to hire people who will fit in to train them extensively and to work to instill a corporate culture in every employee In fact in order to foster creativity we should hire misfits goad them to fight and pay them to defy convention and undermine the prevailing culture *Weird Ideas That Work* codifies these and other proven counterintuitive ideas to help you turn your workplace from staid and safe to wild and woolly and creative In *Weird Ideas That Work* Sutton draws on extensive research in behavioral psychology to explain how innovation can be fostered in hiring managing and motivating people building teams making decisions and interacting with outsiders Business practices like hire people who make you uncomfortable and reward success and failure but punish inaction strike many managers as strange or even downright wrong Yet *Weird Ideas That Work* shows how some of the best teams and companies use these and other counterintuitive practices to crank out new ideas and it demonstrates that every company can reap sales and profits from such creativity *Weird Ideas That Work* is filled with examples drawn from hi and low tech industries manufacturing and services information and products More than just a set of bizarre suggestions it represents a breakthrough in management thinking Sutton shows that the practices we need to sustain performance are in constant tension with those that foster new ideas The trick is to choose the right balance between conventional and weird and now thanks to Robert Sutton s work we have the tools we need to do so

Creative Strategy Chris Bilton, Stephen Cummings, 2010-04-26 People tend to think of creativity and strategy as opposites This book argues that they are far more similar than we might expect More than this actively aligning creative and strategic thinking in any enterprise can enable more effective innovation entrepreneurship leadership and organizing for the future By considering strategy as a creative process and vice versa the authors define creative strategy as a mindset which switches between opposing processes and characteristics and which drives every aspect of the business The authors draw experiences and cases from across this false divide from the music industry sports fashion Shakespearean theatre companies creative and media organizations and dance as well as what we might regard as more mundane providers of mainstream products and services to uncover the creative connections behind successful strategy *Creative Strategy* is a talisman for those looking to take a new path Matt Hardisty Strategy Director Mother Advertising It has been said that business is a hybrid of dancing and calculation the former

incorporating the creative within a firm the latter the strategic Bilton and Cummings show how these apparently contradictory processes can be integrated Their insights about how firms can create to strategize and strategize to create are informative for managers and management scholars alike Jay Barney Professor and Chase Chair of Strategic Management Fisher College of Business The Ohio State University In today s world new thinking creativity is required to tackle long standing problems or address new opportunities The trouble is few organizations understand how to foster and apply creativity at least in any consistent manner This book provides new insights into just how that can be done It moves creativity from being just the occasional and fortuitous flash of inspiration to being an embedded feature of the way the organization is run Sir George Cox Author of the Cox Review of Creativity in Business for HM Govt Past Chair of the Design Council

Create Your Successful Agile Project Johanna Rothman,2017-10-18 You think agile techniques might be for you but your projects and organization are unique An out of the box agile approach won t work Instead unite agile and lean principles for your project See how to design a IPS approach reap the benefits of collaboration and deliver value For project managers who want to use agile techniques managers who want to start and technical leaders who want to know more and succeed this book is your first step toward agile project success You ve tried to use an off the shelf approach to agile techniques and it s not working Instead of a standard method or framework work from agile and lean principles to design your own agile approach in a way that works for you Build collaborative cross functional teams See how small batch sizes and frequent delivery create an environment of trust and transparency between the team management and IPSers Learn about the interpersonal skills that help agile teams work together so well In addition to seeing work and knowing what done means you ll see examples of many possible team based measurements Look at tools you can use for status reporting and how to use those measurements to help your managers understand what agile techniques buy them Recognize the traps that prevent agile principles from working in too many organizations and what to do about those traps Use agile techniques for workgroups and see what managers can do to create and nurture an agile culture You might be surprised at how few meetings and rituals you need to still work in an agile way Johanna s signature frankness and humor will get you on the right track to design your agile project to succeed What You Need No technical expertise or experience needed just a desire to know more about how you might use agile in your project **Creative People Must Be Stopped** David A

Owens,2011-11-22 A framework for overcoming the six types of innovation killers Everybody wants innovation or do they Creative People Must Be Stopped shows how individuals and organizations sabotage their own best intentions to encourage outside the box thinking It shows that the antidote to this self defeating behavior is to identify which of the six major types of constraints are hindering innovation individual group organizational industry wide societal or technological Once innovators and other leaders understand exactly which constraints are working against them and how to overcome them they can create conditions that foster innovation instead of stopping it in its tracks The author s model of constraints on innovation integrates

insights from the vast literature on innovation with his own observations of hundreds of organizations The book is filled with assessments tools and real world examples The author s research has been featured in the New York Times Wall Street Journal London Guardian and San Jose Mercury News as well as on Fox News and on NPR s Marketplace Includes illustrative examples from leading organizations Offers a practical guide for bringing new ideas to fruition even within a previously rigid organizational culture This book gives people in organizations the conceptual framework and practical information they need to innovate successfully

The Nonprofit Imagineers Ben Vorspan,2023-05-25 What do Disney Imagineering and nonprofit organizations have in common More than you think Although nonprofits are rarely known as creative powerhouses we ll explore how to use the same principles that make Disney Imagineering the gold standard of imaginative thinking to transform your organization into an equally inventive and creative environment The Nonprofit Imagineers explores how more innovation can happen at nonprofits no matter how small the budget how meager the staff how tight the board oversight or how limited the time commitment Using more than 100 real life examples from theme parks movies and Walt Disney s life you will come away inspired to experiment with Disney Imagineering principles such as blue sky meetings storytelling creative intent kinetics plussing and weenies Yes weenies This book is perfect for employees managers board members and volunteers at schools faith based organizations community centers and assorted other organizations of all sizes looking to use creativity to improve their programming fundraising and relationship with their families members and donors

Creativity in Museum Practice Linda Norris,Rainey Tisdale,2016-06-16 With this book museum professionals can learn how to unleash creative potential throughout their institution Drawing from a wide range of research on creativity as well as insights from today s most creative museum leaders the authors present a set of practical principles about how museum workers at any level not just those in creative positions can make a place for creativity in their daily practice Replete with creativity exercises and stories from the field the book guides readers in developing an internal culture of creative learning as well as delivering increased value to museum audiences

Business Week ,2007 *The Conference Board Review* ,2007

Weird Ideas That Work How To Build A Creative Company Introduction

In today's digital age, the availability of *Weird Ideas That Work How To Build A Creative Company* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Weird Ideas That Work How To Build A Creative Company* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Weird Ideas That Work How To Build A Creative Company* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Weird Ideas That Work How To Build A Creative Company* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Weird Ideas That Work How To Build A Creative Company* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Weird Ideas That Work How To Build A Creative Company* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *Weird Ideas That Work How To Build A Creative Company* books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Weird Ideas That Work How To Build A Creative Company books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Weird Ideas That Work How To Build A Creative Company books and manuals for download and embark on your journey of knowledge?

FAQs About Weird Ideas That Work How To Build A Creative Company Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Weird Ideas That Work How To Build A Creative Company is one of the best book in our library for free trial. We provide copy of Weird Ideas That Work How To Build A Creative Company in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Weird Ideas That Work How To Build A Creative Company. Where to download Weird Ideas That Work How To Build A Creative Company online for free?
