Youth Offending In Transition The Search For Social Recognition:

Youth Offending in Transition Monica Barry, 2006-08-21 Taking a new approach to youth crime this book argues that the transition from childhood to adulthood can be an isolating and disempowering experience for young people Children and young people are inherently vulnerable because of their age and status they are a minority group with the potential for being exploited discriminated against dominated and disrespected by adults Youth Offending in Transition explores how their treatment by adult society may lead young people to resort to crime as a means of gaining respect from their peers Using concepts of capital and the narratives of young offenders themselves this book is based on original research into the reasons why young people start and stop offending It discusses the following topics criminal theory and the significance of youth transitions to the age crime curve social identity and reputation amongst young people social inequalities and their influence on youth transitions the criminalization and discrimination of young people by adults the importance of social recognition in reducing offending *Desistance and Children* Alexandra Wigzell, Claire Paterson-Young, Tim Bateman, 2024-05-31 Available open access digitally under CC BY NC ND licence Desistance understanding how people move away from offending has become a significant policy focus in recent years with desistance thinking transplanted from the adult to the youth justice system in England and Wales This book is the first to critique this approach to justice involved children many of whom are yet to fully develop an identity criminal or otherwise from which to desist Featuring voices from academia policy and practice this book explores practical approaches to desistance with children in the Child First context It gives new insights into how children can be supported to move away from offending and proposes reforms to make a meaningful difference to children's lives *Designing and Conducting Research in Social Science, Health and Social Care* Fiona McSweeney, Dave Williams, 2019-04-01 This book presents a novel and accessible way to learn about designing and conducting social research Unlike traditional social research methods books it provides a real world account of social researchers' experiences and learning achieved through conducting research in a variety of fields It contains an eclectic collection of research and advice for conducting research from social researchers with varying backgrounds Suggestions are made in relation to gaining access to research sites conducting research on sensitive topics such as suicide child sexual abuse and homelessness ensuring the inclusive participation of participants with intellectual disabilities and children Also included are discussions of conducting practitioner research conducting research on individual change psychoanalytically informed research documentary research and post qualitative research Other chapters focus on criticality in research on topics that have become politicised and moralised ensuring that research conducted is credible and how knowledge in research is constructed through both the theoretical framework used and how it is conducted Bringing together a diverse collection of social research projects *Designing and Conducting Research in Social Science Health and Social Care* will be of interest to students educators and researchers in the social sciences and professionals in related areas *Offending and Desistance* Beth

Weaver,2015-07-16 In *Offending and Desistance* Beth Weaver examines the role of a co offending peer group in shaping and influencing offending and desistance focusing on three phases of their criminal careers onset persistence and desistance While there is consensus across the body of desistance research that social relations have a role to play in variously constraining enabling and sustaining desistance no desistance studies have adequately analysed the dynamics or properties of social relations or their relationship to individuals and social structures This book aims to reset this balance By examining the social relations and life stories of six Scottish men in their forties Weaver reveals the central role of friendship groups intimate relationships and families of formation employment and religious communities She shows how for different individuals these relations triggered reflexive evaluation of their priorities behaviours and lifestyles but with differing results Weaver's re examination of the relationships between structure agency identity and reflexivity in the desistance process ultimately illuminates new directions for research policy and practice This book is essential reading for academics and students engaged in the study of criminology and criminal justice delinquency probation and criminal law **Young Women's Carceral Geographies** Anna Schliehe,2021-08-11 Interrogating conceptual ideas around power punishment and abandonment with specific reference to the experience of young women this book examines the particular challenges that young women face within the criminal justice system and traces their journeys in out and beyond confinement **Juvenile Offending** Thom Brooks,2023-05-31 Tackling juvenile offending has become a key part of crime reduction strategies The articles selected for this volume examine juvenile offending from various critical perspectives and represent the work of the most influential international figures in the field The issues addressed include the different needs and perspectives of youth offenders whether offenders should be treated differently from others because of their age recommendations of policy changes identification of risk factors issues surrounding the sentencing of juvenile offenders and the relevance of restorative justice **Youth and Generation** Dan Woodman,Johanna Wyn,2014-11-17 Woodman and Wyn have produced a text that offers conceptual clarity and real depth on debates in youth studies The authors skilfully guide us through the main sociological theories on young people and furnish us with sophisticated critiques from which to rethink youth and generation in the contemporary moment Professor Anoop Nayak Newcastle University The promise of youth studies is not in simply showing that class gender and race continue to influence life chances but to show how they shape young lives today Dan Woodman and Johanna Wyn argue that understanding new forms of inequality in a context of increasing social change is a central challenge for youth researchers Youth and Generation sets an agenda for youth studies building on the concepts of social generation and individualisation to suggest a framework for thinking about change and inequality in young lives in the emerging Asian Century **Young Offenders** M. Halsey,S. Deegan,2015-03-04 Young Offenders provides one of the most in depth studies of young males seeking if often failing to find a life beyond crime and punishment Through rich interview data of young offenders over a ten year period this book explores the complex personal and situational factors that promote and

derail the desistance process Dictionary of Youth Justice Barry Goldson,2013-06-17 This Dictionary explicitly addresses the historical legal theoretical organisational policy practice research and evidential contexts within which modern youth justice in the UK and beyond is located The entries cover a spectrum of theoretical orientations and conceptual perspectives and engage explicitly with the key statutory provisions and policy and practice imperatives within each of the three UK jurisdictions This book is a key resource for those teaching and studying under graduate and post graduate courses in criminology criminal justice sociology social policy law socio legal studies community justice social work youth and community work and police studies together with policy makers managers and practitioners working within the youth justice sphere including staff training officers youth justice officers social workers probation officers police officers teachers and education workers health professionals youth workers drug and alcohol workers and juvenile secure estate staff The Dictionary of Youth Justice is designed to meet the needs of researchers policy makers managers practitioners and students begins with an introductory chapter that maps the key shifts in contemporary national and international youth justice systems contains over 300 alphabetically arranged entries written by almost 100 experts in the respective fields that explicitly address the core components of youth justice in England and Wales Northern Ireland and Scotland Provides specifically tailored recommended key texts and sources in respect of each entry is closely cross referenced and contains a detailed index to assist readers to make connections between and across entries includes a detailed Directory of Agencies that relate to youth justice in each of the three UK jurisdictions is compiled and edited by one of the UK s leading authorities in youth justice *Comparing Pathways of Desistance* Ruwani Fernando,2024-03-12 This book presents a comparative study of desistance from crime by analysing and comparing the narratives of English and French desisters In doing so it uncovers how national and structural differences may lead to varying individual pathways out of crime Comparing Pathways of Desistance draws on the themes of family education onset of offending employment offending experiences and perspectives of the criminal justice system stories of desistance support networks and projections into the future In addition this book also explores topics that are less commonly looked at in desistance studies such as ambitions of entrepreneurship and leisure activities It examines the ways in which people make sense of their experiences of offending and desisting identifies differences and similarities between English and French desisters and reflects on how these differences and similarities inform us on the influences of national contexts on individual pathways of desistance An accessible and compelling read this book will appeal to students and scholars of criminology sociology desistance politics social policy and all those interested in the differences between English and French desisters *Young Adult Offenders* Friedrich Lösel,Anthony Bottoms,David P. Farrington,2012-07-26 This latest volume in the Cambridge Criminal Justice Series focuses upon young adults and their treatment in the criminal justice system The subject is very topical because there is increasing evidence that a rigid distinction between youth and adulthood is not appropriate in modern societies For example important developmental tasks

such as finishing one's education finding regular work and the foundation of one's own family are now completed later than in former times neuropsychological brain functions are still developing beyond age 18 and desistance from criminal offending occurs most rapidly in early adulthood Despite such evidence the United Kingdom and other countries have largely neglected policies for young adult offenders in comparison with young people under 18 Although there seems to be no general transnational solution for this problem there is a clear need for differentiation This book brings together leading authorities in the field to analyse theoretical empirical and policy issues relating to this neglected group of people exploring different approaches to both crime prevention and offender treatment It will be of interest to researchers practitioners and policy makers in the fields of criminology criminal justice prisons probation forensic psychology and psychiatry sociology education and social work

Working with Women Offenders in the Community Rosemary Sheehan, Gill McIvor, Chris Trotter, 2010-12-21 Contributions to this book challenge policy makers and corrections systems to concentrate on community provision for women offenders and resist popular calls for more punitive responses to all offenders women included Contributors come from a wide range of countries including Australia Canada UK and USA They argue that the criminogenic lens applied to women's offending must be gender responsive if systems are to be successful at addressing the disadvantage and risk associated with offending behaviour

Global Perspectives on Youth Gang Behavior, Violence, and Weapons Use Harding, Simon, Palasinski, Marek, 2016-02-02 Youth violence has become a concern as gangs become a popular option for urban children and teenagers and weapons use among young populations becomes more prevalent Exploring the psychological motivations and foundations upon which such violence is developed and cultivated can assist in better understanding the modern dilemma of violence weapons use and gang behavior among children teenagers and young adults *Global Perspectives on Youth Gang Behavior Violence and Weapons Use* reconsiders the traditional understandings of youth violence in various forms such as gang activities criminal behavior and weapons use Focusing on the psychosocial elements of violence among children teenagers and young adults this timely publication is ideally designed for use by policy makers and government executives professionals educators and graduate level students involved in psychology criminology social work and criminal justice studies

The Arts and Youth at Risk Kate Donelan, Angela O'Brien, 2009-05-05 *The Arts and Youth at Risk Global and Local Challenges* is a contribution to the lively international dialogue about creative and arts based interventions for young people categorized as at risk It contains chapters written by internationally recognized researchers and practitioners in arts education youth arts and criminology The instrumental benefit of arts participation for disadvantaged and marginalized young people is an area of increasing interest worldwide This body of research highlights the positive educational and social outcomes of arts programs within and outside the schooling system It also interrogates the ethics of arts interventions in a diverse and socially inequitable global context The book questions the motivations of those working with at risk youth and challenges practitioners to ensure that their work with marginalised communities is

efficacious as well as socially and politically responsible Professor Shirley Brice Heath describes this book as philosophically complex and pragmatically provocative She commends the editors and authors for taking the brave stance of interrogating the consequences trajectories and effects of participation in the arts by young people especially those who carry labels such as at risk She calls attention to the critical need as outlined in this volume to consider contextual background as well as an international perspective on children and youth when planning and delivering social and arts based interventions

Reducing Reoffending Fergus McNeill,Bill Whyte,2013-01-10 Reducing Reoffending provides a critical overview of social work and community justice in Scotland taking full account of recent developments The book is divided into three comprehensive sections Part one of the book provides a critical analysis of the challenge of reducing reoffending in Scotland and locates this challenge within its historical context Part one also reviews the available evidence about when how and why people stop offending about desistance from crime This analysis exposes not only the complexities of desistance processes but also the many difficulties that offenders face in making the related transition Part two of the book provides an account of the legal contexts of criminal justice social work services in Scotland analysing both the role that social work plays in the sentencing process and its role in supervising offenders in the community The final part the book addresses questions of how the practice of supervision might be best developed so as to support desistance and reduce reoffending though the books final conclusion is that reducing reoffending requires a much broader commitment to promoting and realising justice in the community

Feminist Responses to Injustices of the State and Its Institutions Kym Atkinson,Una Barr,Helen Monk,Katie Tucker,2024-05-21 From the denial of abortion rights in Ireland to sexual violence against British South Asian women in England the state and its institutions continue to fail women This book offers a counter narrative to contemporary injustices and a persistent culture of victim blaming The academic and activist contributions to this collection explore contemporary research areas and pursue new discursive directions in order to present a feminist criminology built on feminist praxis for the 21st century Providing a direct challenge to regressive and ineffective theory policy and practice this book resists the politics of gendered victimization through extending feminist analyses of the state and documenting interventions into contemporary injustices

Punishment Thom Brooks,2012 Punishment is an area of increasing importance and concern to both citizens and politicians How do we decide what should be crimes How do we decide when someone is responsible for a crime What should we do with criminals These are the main questions raised in this book

Foundations for Youth Justice Anne Robinson,2014-02-01 How can youth justice refocus its attention on the rights and perspectives of young people in transition Foundations for Youth Justice outlines youth justice practices in their current state of flux in the United Kingdom as New Labour policies receive direction under the vastly different Coalition Government Anne Robinson explores opportunities for a fresh orientation that places young people at the center She outlines the risks and problems that modern society creates for them and asks when and how society should respond to youth behaviors that cause harm to others The

result is a bold and realistic remodelling of youth justice practices Working With Offenders Rob White, Hannah Graham, 2013-05-24 This book provides a theoretically informed guide to the practice of working with offenders in different settings and for different purposes It deals with topics such as offender rehabilitation case management worker offender relationships working with difficult clients and situations collaboration addressing complex needs and processes of integration The book offers a unique perspective on working with offenders in that it incorporates three key elements As part of the latter it provides different types of data including descriptions of programs and selected statistics from each jurisdiction and presents this information in easy to read formats The chapters are structured around a dual focus of workers and their environments on the one hand and the nature of the offenders with whom they work on the other The condition and situation of workers is thus considered in the context of the condition and situation of offenders and the relationship between the two The book is intended to be relevant and familiar to those already working in the field as well as to introduce contemporary principles and practices to those wishing to do so in the future Each chapter concludes with two key features The first Further Reading is oriented toward concepts and the why questions of practice The second Key Resources alerts readers to appropriate manuals and handbooks and the how questions of practice This includes reference to evidence based examples of good practice and specific intervention models *A-Z of Transitions* Divya Jindal Snape, 2017-09-16 Looking for a comprehensive one stop resource on transitions across the life course Then look no further This concise reference book unpacks the far reaching topic of transitions delivered in an accessible A Z format that allows the reader quick and easy access to information relevant to whichever stage in the life course they are concerned with Providing an examination of each multidimensional transition the book also brings a strong focus to the role of practitioners in preparing individuals for and supporting them through the transition process whether it be a normative life transition such as starting school or something unexpected and distressing like the sudden death of a loved one With explicit Implications for Practice points a wealth of guidance on further reading and comprehensive cross referencing throughout the book is an essential resource for students and practitioners exploring the subject area from a vast array of disciplines from social work and nursing to teaching counselling and beyond
