Rethinking Postmodern Subjectivity Zuzanna Ladyga, 2009 What is postmodern literary subjectivity How to talk about it without falling in the trap of negative hyper essentialism or being seduced by exuberant lit speak One way out of this dilemma as this book suggests is via a redefinition of the concept in the context of Emmanuel Levinas and his radical ethics By defining subjectivity as an ethically charged act of language Levinas provides a fresh perspective on the often trivialized aspects of postmodern poetics such as referentiality and affect construction strategies The foregrounding of the ethical dimension of those poetic elements has far reaching consequences for how we read postmodern texts and understand postmodernism in general Thus to prove the benefits of the Levinasian approach the author applies it to the work of the canonical American postmodernist Donald Barthelme and explains the distinctly ethical character of his apparently surfictional experiments

Guardians of the Humanist Legacy: The Classicism of T.S. Eliot's Criterion Network and Its Relevance to Our Postmodern World Jeroen Vanheste, 2007-05-11 The T S Eliot of the 1920s was a European humanist who was part of an international network of like minded intellectuals Their ideas about literature education and European culture in general remain highly relevant to the cultural debates of our day

Qualitative Research in the Post-Modern Era Robert E. White, Karyn Cooper, 2022-09-29 This volume describes and discusses some of the intricacies associated with qualitative research in this post modern era It is the second of a two volume set It strives to define terms identifies paradigms methodologies and approaches that are applicable to novice and expert researchers alike The book pays special attention to the biographies of those individuals who have helped to shape and develop these methodologies or research designs In addition consideration is given to historical and political underpinnings that relate to the development of qualitative research methodologies Each research design is described in detail and the similarities and differences among them are explored This volume makes use of a contextual approach to research and features interviews with scholars who

have assisted in developing such methodologies Of interest are numerous features such as questions for further study and annotated bibliographies that extend the scope of each of the methodologies described *Modernity and Postmodernity in a Franco-Irish Context* Eamon Maher, Grace Neville, Eugene O'Brien, 2008 French writers and intellectuals were to the forefront when it came to theorizing the concepts of modernity and postmodernity and thus such a theme was considered appropriate for this the second volume in the Studies in Franco Irish Relations series The postmodern Irish socio cultural paradigm is interrogated through the lens of French thought What is equally interesting is that Irish contexts can also help shed light on the French situation as the processes of secularisation and multicultural diversity part of the French experience since the 1950s begin to take root in a society that has become one of the most globalised in the Western world The interchange and dialogue between the two cultures throws up a panoply of insights that have the capacity to be enriching for both societies

Lofty Dogmas Deborah Brown, Annie Finch, Maxine Kumin, 2005-09-01 Compiled by three noted poets this is an eclectic stimulating and informed selection of poets remarks on poetry spanning eras ethnicities and aesthetics The 102 selections from nearly as many poets reach back to the Greeks and Romans then draw on Chaucer Shakespeare Sidney and Milton on to Shelley Keats Coleridge and Poe then Hopkins Yeats Eliot Rilke and Pound concluding with many of our contemporaries including Hall Clifton Mackey Kunitz and Rukeyser The book is divided into three sections Musing concerns issues of inspiration Making issues of craft from diction to meter to persona and voice and Mapping the role of poetry and the poet Headnotes at the beginning of each selection provide background information about the poet and commentary on the significance of the selection There is also a useful appendix with a listing of essays arranged according to more specific topics As the poets write in their introduction This book was intended to deepen readers understanding of age old poetic ideas while at the same time pointing out new directions for thinking about poetry juxtaposing the familiar and the strange reconfiguring old boundaries and shaking up stereotypes **Aldous Huxley and the Mysticism of Science** J.

Deery, 1996-07-05 Can religious belief survive in a scientific era Aldous Huxley thought so His early recognition of the profound significance of twentieth century science and the need for moral and spiritual direction resulted in his espousal of mysticism An examination of his fiction and nonfiction reveals Huxley s significance for cross disciplinary debates between religion science and literature and provides examples of the transmission or refraction of knowledge from one discourse to another *Postmodern Drama* Rodney Simard, 1984 *Forms of Modern British Fiction* Alan Warren Friedman, 2014-07-03 In *Forms of Modern British Fiction* six individualistic and strongminded critics delineate the age of modernism in British fiction Dating the age and the movement from later Hardy works through the deaths of Joyce and Woolf they present British fiction as a cohesive self contained unit of literary history Hardy appears as the first of the modern British novelists Lawrence as the central and Joyce and Woolf as the last The writers and the modern movement are framed by precursors such as Galsworthy and by successors Durrell Beckett and Henry Green the postmoderns The pattern of the essays suggests a

growing self consciousness on the part of twentieth century writers as they seek not only to refine their predecessors but also to deny and sometimes obliterate them The moderns thus deny the novel itself a genre once firmly rooted in history and forms of social life Their works do not assume that comfortable mimetic relationship between the fictive realities of art and life Consequently there has now evolved a poetics of the novel that is virtually identifiable with modern fiction a poetics still highly problematical in its attempt to denote a medium in whose name eclectic innovativeness and incessant revitalizing are proclaimed Forms of Modern British Fiction refines and advances the discussion of the modern novel and the world it and we inhabit

Tone Control Hugo Raines, AI, 2025-05-06 *Tone Control* explores the subtle yet powerful ways poets use punctuation and syntax to shape a poem's emotional impact It argues that tone isn't just an abstract feeling but a deliberate construct achieved through careful linguistic choices For example a comma can create hesitation while a period can convey assertiveness demonstrating how poets manipulate these tools to evoke specific responses This book offers a unique perspective by focusing on measurable linguistic features moving beyond subjective impressions The book examines how punctuation often seen merely as grammatical functions as a tool for pacing and emotional coloring Similarly the arrangement of words or syntax can create formality urgency or even chaos Diving into these mechanics unlocks a richer appreciation of poetic expression and refines our understanding of language's emotive capabilities The book systematically progresses beginning with fundamental concepts and culminating in case studies that analyze poems from different periods and styles
