Ultimate Guide to Business Writing Julian Maynard-Smith, 2021-03-15. The Ultimate Guide to Business Writing is a comprehensive guide on how to write any kind of business document. Written clearly in an engaging voice, it explains in depth the whole process from determining objectives to establishing readers' needs, conducting research, outlining, and designing a template, to writing the first draft, to editing for meaning, accuracy, concision, style, and emotional impact, to creating glossaries and indices, to proofreading and working with reviewers. The book also explains how to exploit the psychology of perception and motivation, collaborate effectively with business colleagues, manage documents holistically across an organisation, and deal with the other everyday practicalities of managing knowledge in a corporate environment. Every section of the book is packed with questions to stimulate thinking and generate meaningful answers, and dozens of examples of what works and why. The book is also rich in practical examples drawn from real life, anecdotes, humour, and visual aids. But the advice isn't just practical and anecdotal; it's also rigorously supported by scientific evidence from notable linguists and psychologists such as Steven Pinker, Daniel Goleman, and Yellowlees Douglas. And anyone keen to explore further will benefit from the bibliography and links to videos and other online resources. The book is ideal not just for professional business writers such as editors, technical writers, copywriters, and creative directors; it's also suitable for anyone whose job requires them to write, whether it's something as simple as an email or as complex as a set of policies or a handbook.
