Scalf, 2024-09-17 Robert Kriech Ritner May 5 1953 July 25 2021 was the Rowe Professor of Egyptology at the Institute for the Study of Ancient Cultures of the University of Chicago His trendsetting scholarship revolutionized our views of ancient Egyptian religion and helped launch a renaissance in the study of magic in the ancient world In this volume twenty seven of Robert K Ritner s closest friends colleagues and students have come together to honor him by presenting the latest groundbreaking research in Egyptology and beyond 10 Women of

Mystery Earl F. Bargainnier, 1981 This volume which examines the special contributions of a number of women mystery writers sheds light on this significant example of common interests in recreational reading among women and men and the reasons behind the early and continuing uncharacteristic near equality of both sexes in this field of endeavor **The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard's wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard's study is a sky watcher's guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth *Forum and Column Review* Loretta Sutton Metcalf, Walter Hines Page, Joseph Mayer Rice, Frederic Taber Cooper, Arthur Hooley, George Henry Payne, Henry Goddard Leach, D. woman decades earlier comes back to public attention The woman s husband has recently returned to the area after years out of the country and he has no explanation as to why his wife suddenly went missing The local gossips consider him guilty of murder as do some in the police force but not everyone is convinced It s up to Superintendent Pacey to work out which bits of the whole sorry tale are fact and which are fiction and there are some unpleasant surprises along the way **Machinery**
