The War against Animals Dinesh Wadiwel, 2015-06-24 Are non-human animals our friends or enemies In this provocative book Dinesh Wadiwel argues that our mainstay relationships with billions of animals are essentially hostile The War against Animals asks us to interrogate this sustained violence across its intersubjective institutional and epistemic dimensions Drawing from Foucault Spivak and Derrida The War against Animals argues that our sovereign claim of superiority over other animals is founded on nothing else but violence Through innovative readings of Locke and Marx Dinesh Wadiwel argues that property in animals represents a bio-political conquest that aims to secure animals as the spoils of war The goal for pro-animal advocacy must be to challenge this violent sovereignty and recognize animal resistance through forms of counter-conduct and truce

Beyond Words Carl Safina, 2015-07-14 I wanted to know what they were experiencing and

why to us they feel so compelling and so close This time I allowed myself to ask them the question that for a scientist was forbidden fruit Who are you Weaving decades of field observations with exciting new discoveries about the brain Carl Safina's landmark book offers an intimate view of animal behavior to challenge the fixed boundary between humans and nonhuman animals In Beyond Words readers travel to Amboseli National Park in the threatened landscape of Kenya and witness struggling elephant families work out how to survive poaching and drought then to Yellowstone National Park to observe wolves sort out the aftermath of one pack's personal tragedy and finally plunge into the astonishingly peaceful society of killer whales living in the crystalline waters of the Pacific Northwest Beyond Words brings forth powerful and illuminating insight into the unique personalities of animals through extraordinary stories of animal joy grief jealousy anger and love The similarity between human and nonhuman consciousness self awareness and empathy calls us to re evaluate how we interact with animals Wise passionate and eye opening at every turn Beyond Words is ultimately a graceful examination of humanity's place in the world
