Chung, 2011 In 1965 when editor Robert Halsband published his text of the *Turkish Embassy Letters* of eighteenth century traveler and writer Lady Mary Wortley Montagu his work was on par with the best critical editions for eighteenth century literary work produced at the time But even then given the completeness of the primary materials available to Halsband holograph printer's copy first edition with a provenance that indicated Montagu's own sanction for publication his *Turkish Embassy Letters* text had a problematic set of editorial procedures that let him disregard Montagu's own punctuation and substitute his own Lady Mary Wortley Montagu's *Turkish Embassy Letters* Mary C. The Language of Identification and Difference in Lady Mary Wortley Montagu's Turkish Embassy Letters Karen Wong, 2004 Lady Mary Wortley Montagu and the Eighteenth-Century Familiar Letter Cynthia J. Lowenthal, 2010-07-01 This is the first critical study of one of the most important women writers of the early eighteenth century Lady Mary Wortley Montagu 1689-1762 who produced a body of erudite and entertaining correspondence that spanned more than fifty years Lady Mary's letters illuminate the difficulties encountered by a sensitive intelligent and gifted woman writer living through an era of significant cultural change These letters display the tensions inherent in the competing demands of public and private life revealing Lady Mary's own discomfort about the problems of authorship and authority in an age that held publication to be an improper activity for respectable women Through the discourse of supposedly private letters Lady Mary was able to find an avenue for her talents that brought her public stature without violating the imperatives of her position as a woman and an aristocrat Cynthia Lowenthal argues persuasively that Lady Mary's letters themselves central to the establishment of the familiar letter as an important eighteenth-century genre were self-consciously constructed as literary artifacts and crafted as part of a larger female epistolary tradition Moreover Lowenthal contends the works of Lady Mary are essential to the feminist recuperation of women's writing precisely because she provided an aristocratic critique a voice often ignored of the class and gender codes of her day

Book News Inc British Women Writers and the Writing of History, 1670-1820 Devoney Looser, 2000 Chosen by Choice Magazine as an Outstanding Academic Title Until recently history writing has been understood as a male enclave from which women were restricted particularly prior to the nineteenth century The first book to look at British women writers and their contributions to historiography during the long eighteenth century British Women Writers and the Writing of History 1670-1820 asks why rather than writing history that included their own sex some women of this period chose to write the same kind of history as men one that marginalized or excluded women altogether But as Devoney Looser demonstrates although British women's historically informed writings were not necessarily feminist or even female focused they were intimately

involved in debates over and conversations about the genre of history Looser investigates the careers of Lucy Hutchinson Lady Mary Wortley Montagu Charlotte Lennox Catharine Macaulay Hester Lynch Piozzi and Jane Austen and shows how each of their contributions to historical discourse differed greatly as a result of political historical religious class and generic affiliations Adding their contributions to accounts of early modern writing refutes the assumption that historiography was an exclusive men's club and that fiction was the only prose genre open to women
