The Unknown Element An Action Packed Spiritual Thriller Challenged World Volume 1:

The Unknown Element Vince Milam, 2015-03-03 Three very different individuals A dark force rising The chase begins A reserved small town sheriff in pursuit of justice A beautiful and eccentric technology genius striving to understand A bon vivant French priest committed to finding answers A horrific event in a sleepy Gulf Coast town pulls them together and the trio find themselves on a quest for the truth about good and evil travelling first to Wales and the scene of another shocking nightmare then on to the killing fields of Syria where the stakes rise even higher Can these three dissimilar people find answers without driving each other crazy Can they survive while Middle East factional war rages around them They need to because the potential fate of millions hangs on it Superbly written no drags no slow starts just hop on board and ride the express to the end I loved this book It s been awhile since I ve read a book that hooked me on the first page and sustained my interest right to The End I m a visual person and this author was able to paint a picture with his words on every page Awesome The Unknown Element grabbed me from the very first page It s one of those books that you don t want to put down but you make yourself do it just because you hate to see it end This story is about good vs evil which in most circumstances would not be considered humorous but because this talented author has such a way with descriptions I found myself laughing out loud Often The dynamics between our three main characters is also delightful Milam gave each one their own distinct personality and I was delighted by the sparks and sparkle of their interaction Lots of action Hard to put down it s 2am and I just finished for instance These are three simple people who come to recognize the power of evil when they see it find the faith to believe in a greater power and act on it
