CEO The romance gets hotter and the stakes get higher with each new book in the series **Billionaires and Stealth Politics** Benjamin I. Page, Jason Seawright, Matthew J. Lacombe, 2018-12-21 A look into the covert influence billionaires wield in American politics and the actions citizens can take to hold them more accountable In 2016 when millions of Americans voted for Donald Trump many believed his claims that personal wealth would free him from wealthy donors and allow him to drain the swamp But then Trump appointed several billionaires and multimillionaires to high level positions and pursued billionaire friendly policies such as cutting corporate income taxes Why the change from his fiery campaign rhetoric and promises to the working class This should not be surprising argue Benjamin I Page Jason Seawright and Matthew J Lacombe As the gap between the wealthiest and the rest of us has widened the few who hold one billion dollars or more in net worth have begun to play a more and more active part in politics with serious consequences for democracy in the United States Page Seawright and Lacombe argue that while political contributions offer a window onto billionaires influence especially on economic policy they do not present a full picture of policy preferences and political actions That is because on some of the most important issues including taxation immigration and Social Security billionaires have chosen to engage in stealth politics They try hard to influence public policy making large contributions to political parties and policy focused causes leading policy advocacy organizations holding political fundraisers and bundling others contributions all while rarely talking about public policy to the media This means that their influence is not only unequal but also largely unaccountable to and unchallengeable by the American people Stealth politics makes it difficult for ordinary citizens to know what billionaires are doing or mobilize against it The book closes with remedies citizens can pursue if they wish to make wealthy Americans more politically accountable such as public financing of political campaigns and easier voting procedures and notes the broader types of reforms such as a more progressive income tax system that would be needed to increase political equality and reinvigorate majoritarian democracy in the United States Praise for Billionaires and Stealth Politics Incredibly important The authors provide for the first time a clear sense of the politics and political activity of the top one hundred billionaires in America matching what billionaires have said with what they ve done and showing the troubling transparency gap that is critical to the evolution of policy Billionaires and Stealth Politics is a key addition to understanding our current political reality focused on it most significant lever Lawrence Lessig author of America Compromised The wealth held by American billionaires exceeds the Gross Domestic Product of dozens of countries They exercise tremendous influence over society the economy and politics Yet their impact is not well understood Page Seawright and Lacombe have given us a compelling and original piece of work on an important topic Darrell M West Brookings Institution [Billionaire Boss Romance Collection #2](#) Shadonna Richards, A collection of bestselling romance novels featuring sizzling bosses and strong heroines destined to be together The Playboy Billionaire The Billionaire s Proposition An Unexpected Bride *Billionaire Boss Romance Mega Collection* Shadonna Richards, 2023-06-28 A collection of bestselling romance novels featuring sizzling bosses and strong
