The Truth About The Shroud Of Turin Solving The Mystery:

The Truth About the Shroud of Turin Robert K. Wilcox, 2010-02-16 The shroud of Turin is one of history's most controversial and perplexing relics. Many believe it to be the genuine burial shroud of Jesus Christ. Some hypothesize the image on the shroud was created through a rare scientific phenomenon. Still, others think the shroud is a fake, proven through carbon tests in 1988 to be a clever forgery. In *The Truth About the Shroud of Turin*, investigative reporter Robert K. Wilcox applies his investigative eye and compelling writing style to this mysterious artifact. Featuring new evidence, *The Truth About the Shroud of Turin* offers new insight into this baffling mystery and offers compelling evidence that the shroud is the authentic burial shroud of Jesus Christ. Wilcox weaves an intriguing detective story utilizing over 30 years of research, including trips the world over seeking to unravel the secrets of the world's most intensely studied artifact, giving readers much evidence to decide if the Shroud is just an elaborate hoax or the actual burial cloth of Jesus. JOSEPH MARINO, shroud scholar.

The Truth About the Shroud of Turin Robert Wilcox, 2010-03-09 Relying on new scientific research, the author presents a detailed argument that the Shroud of Turin belonged to Jesus. *Hoax Springs Eternal* Peter Hancock, 2015-01-22 This book examines and extrapolates from famous historical case studies to illustrate principles of cognitive deception and how to avoid being deceived.

The Turin Shroud Kathleen Matrange, 2024-10-10 Despite the efforts of many to discover its origin, the Shroud of Turin remains a mystery. It is the most studied artifact in the history of scientific inquiry, and after 150 thousand hours of international scientific investigation by researchers of varying disciplines, the silence is deafening. There is no credible conclusion. For anyone with eyes to see and ears to hear, the Shroud of Turin is the inexplicable and unreplicable imprint of Jesus Christ's miraculous death and Resurrection. Unexplained by science, it speaks of a supernatural reality and an otherworldly dimension. It whispers that our place in heaven might truly be secure if only we would believe.

Encyclopedia of Sacred Places Norbert C. Brockman, 2011-09-13 Now thoroughly revised and updated, this encyclopedia documents the diversity of shrines, temples, holy places, and pilgrimage sites sacred to the world's major religious traditions and illustrates their elemental place in human culture. As interest increases in the role of world religions in history and international affairs, the new edition of *Encyclopedia of Sacred Places*, which arrives 15 years after the publication of the original edition, provides new and updated information on site-specific religious practice and spiritually significant locations around the globe. While many of the entries describe specific places like the Erawan Shrine and the Rock of Cashel, others examine types of sacred sites, pilgrimages, and practices. With articles that describe both the places and their associated traditions and history, this reference book reveals the enormous diversity and cultural significance of religious practice worldwide. For students and teachers of classes ranging from high school geography to university-level courses in religious studies, geography, anthropology, and sociology, this book provides essential reference on places of great significance to the world's various faith traditions.
