wants to professionally write a great nonfiction book *Book Wars* John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks *Book Wars* provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries Like other sectors publishing has been thrown into disarray by the digital revolution The foundation on which this industry had been based for 500 years the packaging and sale of words and images in the form of printed books was called into question by a technological revolution that enabled symbolic content to be stored manipulated and transmitted quickly and cheaply Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways The book wars had begun While ebooks were at the heart of many of these conflicts Thompson argues that the most fundamental consequences lie elsewhere The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future The Handbook of Counselling Psychology Barbara Douglas, Ray Woolfe, Sheelagh Strawbridge, Elaine Kasket, Victoria Galbraith, 2016-02-12 This fourth edition provides the most comprehensive guide to the field of counselling psychology exploring a range of theories and philosophical underpinnings practice approaches and contexts and professional issues It has been updated to reflect current issues and debates and to map onto the training standards and offers the ultimate companion for your journey through counselling psychology training and into the workplace New to the fourth edition Chapters on Person Centred Therapy Mindfulness Neuroscience Engaging with and Carrying out Research Reflective Practice International Dimensions and Ecopsychology A companion website offering hours of video and audio including conversations with counselling psychology practitioners and trainees and articles exercises and case studies Other new features include Further Reading Day in the Life of dialogues with practitioners Reflective Exercises and Discussion Points and new case studies Special attention has been paid to the topic of research both as a theme throughout the book and through four new chapters covering the use carry out and publication of research at different stages of training and practice The handbook is the essential textbook for students and practitioners in the field of counselling psychology and allied health professions at all stages of their career and across a range of settings both in the UK and internationally *Start, Love,*
