The United States 15th Infantry Regiment In China 1912 1938:

The United States 15th Infantry Regiment in China, 1912-1938 Alfred Emile Cornebise, 2004-11-03 Taking up its position astride the Peking Mukden Beijing Shenyang railway beginning in January 1912 the United States Fifteenth Infantry Regiment was engaged in protecting American interests in China The 1000 man force was especially challenged during the 1920s those tumultuous years when warlords struggled to gain ascendancy in the Chinese Republic Although Chiang Kai shek established a measure of control in China by 1928 the regiment remained in China partially to counter Japan s increasingly aggressive actions despite considerable misgivings within and outside of the United States Army as to the feasibility desirability and ethical appropriateness of the policy retaining it there The success of the Japanese in conquering much of eastern China finally compelled Washington to withdraw the regiment on March 2 1938 This work recounts and assesses some aspects of the involvement and service of the Fifteenth Infantry Regiment during its fateful quarter of a century in the Orient between the World Wars Also detailed is the Army s service in those years in general Many insights are provided regarding the self perceptions of a key generation of U S military personnel deployed there

The United States Army in China, 1900-1938 Alfred Emile Cornebise, 2015-07-13 A study of U S Chinese relations involving the U S Army this work focuses at the personnel level on the Army s service in China While studies have been published of the U S Marines and U S Navy s involvement in China little attention has been given the Army s missions in this theater Operations in China were a key part of the history and traditions of the 9th 14th 15th and 31st Regiments whose coats of arms still feature dragons as symbols of their service there Many who served in the 15th in China went on to impressive careers as general officers prompting one soldier to ask what other infantry regiment of those days can boast of such an alumni list Also covered is the 31st Regiments involvement in Shanghai during the Second Sino Japanese War the prelude of the coming of World War II in Asia

The United States in World War I James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich s bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich s bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history Each entry lists the author title place of publication publisher date of publication and page count as well as descriptive information concerning illustrations plates ports maps diagrams and plans The armed forces section carries additional information on rosters awards citations and killed and wounded in action lists *The United States in World War I A Bibliographic Guide* is an ideal research

tool for students and scholars of World War I and American history *The War of 1898 and U.S. Interventions, 1898-1934* Benjamin R. Beede, 1994-05 A fascinating encyclopedic survey of the Spanish Cuban American War the Philippine War and the small wars between 1899 and the end of the occupation of Haiti in 1934 The name changes themselves are instructive The usage of Spanish American War ignores the fact that the war in Cuba had been la **Mission to Mao** Sara B. Castro, 2024-09-03 An innovative history of US intelligence officers on the ground and the first official contacts between the United States and the Chinese Communist Party From 1944 to 1947 the United States planted a liaison mission in the headquarters of Chinese Communist forces behind the lines Nicknamed the Dixie Mission for its location in rebel territory it was an interagency delegation that included intelligence officers from the Office of Strategic Services OSS the US Army and the State Department Mission to Mao is a social history of the OSS officers in the field that reveals the weakness of US intelligence diplomacy in the 1940s Drawing on over 14 000 unpublished records from five archives as well as white papers and memoirs from the participants Sara B Castro demonstrates how the US intelligence officers in China clashed with political appointees and Washington over the direction of the US relationship with the Chinese Communists Interagency and political conflicts erupted over assessments of Communist capabilities and whether or not the mission would later involve operations with the Communists Castro shows how potential benefits for the war effort were thwarted by politicization rivalries and the biases of US intelligence officials Mission to Mao is a fresh look at US intelligence in WW II China and takes readers beyond the history of China Hands versus American anticommunists introducing more nuance U. S. Global Defense Posture, 1783-2011 Stacie L. Pettyjohn, 2012 Debates over the U S global defense posture are not new As policymakers today evaluate the U S forward military presence it is important that they understand how and why the U S global posture has changed in the past Today s posture is under increasing pressure from a number of sources including budgetary constraints precision guided weapons that reduce the survivability of forward bases and host nation opposition to a U S military presence This monograph aims to describe the evolution of the U S global defense posture from 1783 to the present and to explain how the United States has grown from a relatively weak and insular regional power that was primarily concerned with territorial defense into the preeminent global power with an expansive system of overseas bases and forward deployed forces that enable it to conduct expeditionary operations around the globe This historical overview has important implications for current policy and future efforts to develop an American military strategy in particular the scope size and type of military presence overseas As new and unpredictable threats emerge alliance relationships are revised and resources decline past efforts at dealing with similar problems yield important lessons for future decisions The author draws recommendations out of these lessons that touch on the importance of strategic planning the need to think globally the desirability of a lighter more agile footprint overseas and more *General Walton H. Walker: A Talent For Training* Major Adam W. Hilburgh, 2015-11-06 A study of General Walton H Walker s career offers a lens through which to view the evolution

of Army training doctrine revealing its strengths and weaknesses over a period of nearly four decades However an understanding of the skills necessary to train units for combat cannot consist solely of a review of training doctrine General Walker s career provides valuable insights into the real world challenges a leader experienced training an Army unit both in war and in peacetime The resource constraints political realities and physical hardships that make Army training so difficult to accomplish with skill and foresight cannot be gleaned from classroom lectures or the pages of a journal or doctrinal publication Further an analysis of the breakout and pursuit Walker s XX Corps executed in Normandy and later the performance of the Eighth Army during the first weeks of combat in Korea reveal how General Walker applied contemporary training principles to develop combat formations that performed exceptionally well in combat Finally a review of current training principles demonstrates that Walker emphasized the same principles throughout his career that retain primacy in today s Army This reveals Walker s lasting legacy in addition to performing among the best of the Army s commanders in combat Walker set himself apart as one of the leading trainers in U S Army history [The Shanghai Stars and Stripes](#) Alfred Emile Cornebise,2010-03-08 This work is an account of the China edition of the U S Army s daily newspaper The Stars and Stripes which was geared toward service personnel in the China Theater of Operations at the end of World War II and published for nearly a year The book addresses Japanese repatriations war crime trials the Chinese civil war and the rise of Communism as covered by the paper and the paper s role in strengthening U S troop morale *A Good and Faithful Servant* David Whitcomb,2022-04-19 God uses ordinary men and women to change the world In this inspiring biography of a 20th century hero of the faith you will gain an outstanding mentor for your Christian life Good and Faithful Servant is the story of Dr John Whitcomb a veteran of World War 2 who embarked on a relentless pursuit of biblical and scientific truth Even though Whitcomb was steeped in evolutionary philosophies while at Princeton he became a revered theologian who preached the literal biblical account of Creation What seemed like a long lost battle over origins and evolution was overturned as this man walked humbly yet boldly with God People will look back on this time in history and just as we think about greats like Martin Luther John Calvin John Wesley George Whitfield and others they will talk about Dr Whitcomb Ken Ham Dr Whitcomb is widely known as the co author of The Genesis Flood which was used by God to ignite the modern creationism movement This biography tells of his personal heartache his influences and his enduring faith in action Written by his son this book is filled with accurate accounts and many personal stories and photographs Families clergy and scholars alike will find life changing wisdom in the life story of this good and faithful servant who sought to defend the accuracy of God s Word in the face of widely accepted though ultimately flawed science *Fred Barton and the Warlords' Horses of China* Larry Weirather,2015-11-25 In the years before World War I Montana cowboy Fred Barton was employed by Czar Nicholas II to help establish a horse ranch the largest in the world in Siberia to supply the Russian military Barton later assembled a group of American rodeo stars and drove horses across Mongolia for the war lords of northern China creating a 250 000 acre ranch

in Shanxi Province Along the way Barton became part of an unofficial U S intelligence network in the Far East bred a new type of horse from Russian Mongolian and American stock and promoted the lifestyle of the open range cowboy Returning to America he married one of the wealthiest widows in the Southwest and hobnobbed with Western film stars at a time when Hollywood was constructing the modern myth of the Old West just as open range cowboy life was disappearing
