The Unforgiving Comic:

The Parables Dan O. Via, 2007-01-01 Via's book signals a major shift in the study of parables. Via's theory of the parables, what they are and how they work, is different from every theory that preceded him, and his reviewers noted the uniqueness of his approach. Charles W. Hedrick, author of *Many Things in Parables: Jesus and His Modern Critics*, beginning in the 1960s, scholarship on the parables became an American enterprise and has remained such. Robert Funk and Dan Via independently of each other instigated a new approach to the parables that was as revolutionary as Julicher's rejection of allegory. Bernard Brandon Scott, author of *Re-Imagine the World: An Introduction to the Parables of Jesus*, Via's integration of a literary dimension into some sophisticated theological interpretation represents one of the more significant theoretical advances in recent biblical interpretation. Robert Morgan, author with John Barton of *Biblical Interpretation*, The main purpose of this book is to interpret the parables in dialogue with aesthetic and non-biblical literary critical thought and by means of an existentialist hermeneutic. Its excitement and this is an exciting book comes from the fact that the author brings to his task qualifications that are rare among interpreters of the parables. Moreover, these qualifications are probably attainable only in an academic theological situation which is peculiarly American, and this book may therefore represent a wholly new and characteristically American kind of biblical scholarship. Norman Perrin, author of *Parable and Gospel: The Relation of this Book to the Demythologizing Program and to the New Quest of the Historical Jesus*, will be obvious and granting its presuppositions, it is a distinguished contribution to both. It is executed with wide learning in the fields of biblical scholarship, aesthetic literary criticism, and existentialist hermeneutics. Reginald H. Fuller, author with Daniel Westberg of *Preaching the Lectionary: The Word of God for the Church Today*.

Leaping Tall Buildings, 2012-06-05 Some are mild-mannered geeks, others mad geniuses or street-smart city dwellers driven to action. These are the men and women behind the masks and tights of America's most beloved superheroes. But these aren't the stories of the heroes' hidden alter egos or secret identities; these are the stories of their creators. *Leaping Tall Buildings: The Origins of American Comics* gives you the truth about the history of the American comic book, straight from the revolutionary artists and writers behind them. From the founders of the popular comics website *Graphic NYC*, writer Christopher Irving and photographer Seth Kushner, comes the firsthand account of the comic book's story from its birth in the late 1930s to its current renaissance on movie screens and digital readers everywhere. Kushner's evocative photography captures the subjects that Irving profiles in a hard-hitting narrative style derived from personal interviews with the legends of the art, all of which is accompanied by examples of their work in the form of original art sketches and final panels and covers. The creators profiled include Captain America creator Joe Simon, Marvel guru Stan Lee, *Mad* magazine's fold-out artist Al Jaffee, visionary illustrator Neal Adams, Batman underground paragon Art Spiegelman, *Maus*, *X-Men* writer Chris Claremont, artist/writer/director Frank Miller, *Sin City*, 300 comic analyst Scott McCloud, *Understanding Comics*, *American Splendor*'s Harvey Pekar, painter Alex Ross, *Kingdom Come* multi-talented artist

and designer Chris Ware Acme Novelty Library artist Jill Thompson Sandman and more Leaping Tall Buildings like comics themselves uses both words and images to tell the true story of the comic s birth and evolution in America It is a comprehensive look at the medium unlike any other ever compiled covering high and low art mass market work and niche innovations It is the story of an art form and an insider s look at the creative process of the artists who bring our heroes to life
