Alice Dailey

Tragic Instance The Sequence Of Shakespeares Tragedies:

Tragic Instance Ralph Berry, 1999 *Tragic Instance* follows Shakespeare's progress through his tragedies. The book accepts Kenneth Muir's prescription: There is no such thing as Shakespearian Tragedy; there are only Shakespearian tragedies. Accordingly, each of the tragedies from *Titus Andronicus* to *Coriolanus* is studied in order of composition. *Richard III* and *Richard II* are included because each is described as tragedy on the title page. No larger unity is seen. The play is everything that is the case. BOOK JACKET Title Summary field provided by Blackwell North America Inc. All Rights Reserved.

Shakespeare's Tragic Sequence Kenneth Muir, 2013-10-11 First published in 1972. The emphasis of this book is that each of Shakespeare's tragedies demanded its own individual form and that although certain themes run through most of the tragedies, nearly all critics refrain from the attempt to apply external rules to them. The plays are almost always concerned with one person; they end with the death of the hero; the suffering and calamity that befall him are exceptional; and the tragedies include the medieval idea of the reversal of fortune. **Shakespeare's Tragedies** Dieter Mehl, 1986 Twelve plays are examined individually regarding their origins, stage and critical histories, and the problems associated with their categorization as tragedy. **Shakespeare's Anti-Politics** D. Gil, 2013-08-15 Argues that Shakespeare is anti-political, dissecting the nature of the nation-state and charting a surprising form of resistance to it using sovereign power against itself to engineer new forms of selfhood and relationality that escape the orbit of the nation-state. It is these new experiences that the book terms the life of the flesh. *Shakespeare's Tragic Art* Rhodri Lewis, 2024-10-08 In this book Rhodri Lewis argues that Shakespeare's tragedies are a series of experiments that attempt to tell the truth about the world as Shakespeare sees it and to discover how far he can stretch tragic affirmation to accommodate the darker aspects of this vision. Lewis argues that Shakespeare worked hard to develop an understanding of what tragedy might be good for; that this understanding emerged from his engagement with the traditions of tragic writing and theorizing that had gone before him; that he used this understanding to shape his tragic plays as carefully patterned aesthetic wholes; and that Shakespeare's understanding of the tragic has as little to do with Hegel as it does with the unities of tragic time, place, and action. That many of Shakespeare's peers and successors busied themselves abstracting from Aristotle's *Poetics*, Lewis begins the book by tracing the ideas and practices of tragedy as they were known to Shakespeare and his contemporaries in the sixteenth century. He then takes a chronological approach to Shakespeare's plays, ultimately seeking to affirm the status of dramatic art in Shakespeare's time as a medium for telling the truth about the human experience in a world that is not fully susceptible to rational analysis. **How to Do Things with Dead People** Alice Dailey, 2022-06-15 *How to Do Things with Dead People* studies human contrivances for representing and relating to the dead. Alice Dailey takes as her principal objects of inquiry Shakespeare's English history plays, describing them as reproductive mechanisms by which living replicas of dead historical figures are regenerated in the present and re-killed. Considering the plays in these terms exposes their affinity with a

transhistorical array of technologies for producing reproducing and interacting with dead things technologies such as literary doppelg ngers photography ventriloquist puppetry X ray imaging glitch art capital punishment machines and cloning By situating Shakespeare s historical drama in this intermedial conversation Dailey challenges conventional assumptions about what constitutes the context of a work of art and contests foundational models of linear temporality that inform long standing conceptions of historical periodization and teleological order Working from an eclectic body of theories pictures and machines that transcend time and media Dailey composes a searching exploration of how the living use the dead to think back and look forward to rule to love to wish and create *The Artistic Links Between William Shakespeare and Sir Thomas*

More C. Hallett,2011-06-20 The Halletts investigation differs from anything that has been written about the relationship between Thomas More and William Shakespeare in that it approaches the subject from a dramaturgical point of view This book defines in specific terms what Shakespeare learned from his study of More s History and how he learned it **William**

Shakespeare's Macbeth Harold Bloom,2010 A collection of literary criticism focusing on Shakespeare s play Macbeth

Jonson, Shakespeare, and Aristotle on Comedy Jonathan Goossen,2018-01-02 Jonson Shakespeare and Aristotle on Comedy relates new understandings of Aristotle s dramatic theory to the comedy of Ben Jonson and William Shakespeare Typically scholars of Renaissance drama have treated Aristotle s theory only as a possible historical influence on Jonson s and Shakespeare s drama focusing primarily on their tragedies Yet recent classical scholarship has undone important misconceptions about Aristotle s Poetics held by early modern commentators and fleshed out the theory of comedy latent within it By first synthesizing these developments and then treating them as an interpretive theory rather than simply an historical influence this book demonstrates a remarkable consonance between Aristotelian principles of plot and its emotional effect on the one hand and the comedy of Shakespeare and Jonson on the other In doing so it also reveals surprising similarities between these seemingly divergent dramatists King Richard II Charles R. Forker,2022-02-10 This revised edition of *King Richard II Critical Tradition* increases our the play was received and understood by critics editors and general readers Updated with a new introduction providing a survey of critical responses to Richard II since the 1990s to the present day this volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play The updated introduction offers an overview of recent criticism on the play in relation to feminist theory queer theory performance theory and ecocriticism The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue whereas the introduction offers a critical evaluation from a current stance including modern theories and methods Featuring criticism by A C Swinburne Walter Pater Oscar Wilde and W B Yeats this volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Tragic Instance The Sequence Of Shakespeares Tragedies** .
