Willmington's Guide to the Bible H. L. Willmington, 1981 WILLMINGTON S GUIDE TO THE BIBLE is a treasury of Bible knowledge written in layman s language Dr Willmington s goal has been to publish a concise all inclusive summary of basic Bible information in one volume to make available in abbreviated form a complete Bible education in a single book **The Remarkable Record of Job** Dr. Henry M. Morris, 2000-04-01 Far from being an engaging fable the account of Job in the bible is one of the most historically and scientifically accurate records of the ancient world Perhaps the oldest book in the Bible the book of Job touches on many subjects of science and history This commentary on the controversial Book of Job is very different from most of the seminary and church teachings so prevalent today for it attests to the historicity of a man named Job who understood at the end of his life that God cannot be figured out but He can most certainly be trusted
