Learning ICT with English Richard Bennett, 2013-05-24 Providing practical guidance on enhancing learning through ICT in English this book is made up of a series of projects that supplement, augment and extend the QCA ICT scheme and provide much needed links with Units in other subjects schemes of work. It includes fact cards that support each project and clearly outline its benefits in relation to teaching and learning, examples of how activities work in real classrooms, links to research, inspection evidence and background reading to support each project, adaptable planning examples and practical ideas provided on accompanying downloadable resources. This book is highly recommended for all trainee and practising primary teachers.

English Inside the Black Box Bethan Marshall, Dylan William, 2006 English Inside the Black Box is an easy to follow booklet offering great advice and guidance on how to develop formative assessment in English.

Unlocking Writing Mary Williams, 2013-10-11 The underpinning theme of this book is how children develop as writers and how self-awareness raises achievement. It offers creative approaches to increasing pupil motivation and performance by involving, amongst other things, Drama and ICT. The contributors offer practical advice on ways to meet the needs of boys, able children, SEN pupils and those learning English as an additional language, how to plan effective lessons, how to be flexible within the framework of the NLS and the role of assessment and how it contributes to self-understanding. Central to all classroom practitioners and students, this innovative book improves general understanding of the process related to composition and transcription and helps to raise the standards of writing in all classrooms.

Becoming A Reflective English Teacher Green, Andrew, 2011-06-01 This book builds firm bridges between theory and practice through exploring evidence-based practice and pursues what this means for new English teachers.
