You Are Peter An Orthodox Reflection On The Exercise Of Papal Primacy:

You are Peter Olivier Clement, Olivier Clément, 2003 The papacy is clearly the greatest difficulty facing ecumenical dialogue today and particularly the dialogue between Catholicism and Orthodoxy Yet there is a doorway of hope In his encyclical *Ut unum sint* John Paul II expressed a desire for common reflection on the exercise of papal primacy In *You Are Peter* the great Orthodox theologian Olivier Clement brilliantly responds to this request He emphasizes the history and experience of the undivided Church before recalling the contrasting developments of eastern and western Christianity and concluding with the tasks that call us to unity Professor Clements response to John Paul II is solidly rooted in the Orthodox tradition and represents the cordial and open mentality characteristic of the theologians of Saint Sergius I would judge that it is almost exactly the kind of response for which Pope John Paul II was hoping It is a pleasure to be able to present to English speaking readers this concise learned and articulate presentation Professor Clements contribution is a sign of the progress in ecumenism thus far made and a beacon of hope for the future From the Foreword by Avery Cardinal Dulles S J Laurence J McGinley Professor Fordham University New York

The Papacy: Revisiting the Debate Between Catholics and Orthodox Erick Ybarra, 2022-11-22 The Lord Jesus Christ intended his kingdom present on earth the Church of God to be one holy catholic and apostolic Prior to the Protestant Reformation in the sixteenth century history tells of the most egregious division in the Church between the Latin West and Byzantine East in AD 1054 and following How can it be that Catholics and Orthodox share a thousand years of ecclesial life together in one faith sacramental order and hierarchical government only to have that bond of communion broken Historians and theologians throughout the years have spilled much ink in recounting the causes and effects of this dreadful and heart wrenching division and among the many debates that exist between Catholics and Orthodox none are as vital to the task of reconciliation as the subject of the papacy In *The Papacy Revisiting the Debate between Catholics and Orthodox* Erick Ybarra examines sources from the first millennium with a fresh look at how methodology and hermeneutics plays a role in the reading of the same texts In addition he conducts a detailed investigation into the most significant points of history in order to show what was clearly accepted by both East and West in their years of ecclesiastical unity In light of this clear evidence the reader of *The Papacy* is free to decide whether contemporary Catholicism or Eastern Orthodoxy has maintained the heritage of the first millennium on the understanding of the Papal office

How Can the Petrine Ministry Be a Service to the Unity of the Universal Church? James Puglisi, 2010-11-09 Proceedings of two conferences held 2003 2004 at the International Bridgettine Centre of Farfa Sabina Italy

Essays in Ecumenical Theology I Ivana Noble, 2018-11-26 In the first volume of *Essays in Ecumenical Theology* Ivana Noble depicts differences between what she calls a sectarian outlook and one which engages in the search for common roots dialogical relationships and shared mission in a world that has largely become post Christian but often also post secular Drawing on both Western and Orthodox scholarship and expressing her own positions Noble sketches what ecumenical

theology is how it is linked to spirituality the methods it uses how it developed during the twentieth century and the challenges it faces Specific studies deal with controversial interpretations of Jan Hus Catholic Modernism the problematic heritage of the totalitarian regimes and responses to the current humanitarian crisis

Orthodoxy and the Roman Papacy Adam A. J. DeVille, 2011-03-15 Among the issues that continue to divide the Catholic Church from the Orthodox Church the two largest Christian bodies in the world together comprising well over a billion faithful the question of the papacy is widely acknowledged to be the most significant stumbling block to their unification For nearly forty years commentators theologians and hierarchs from popes and patriarchs to ordinary believers of both churches have acknowledged the problems posed by the papacy In *Orthodoxy and the Roman Papacy Ut Unum Sint* and the Prospects of East West Unity Adam A J DeVille offers the first comprehensive examination of the papacy from an Orthodox perspective that also seeks to find a way beyond this impasse toward full Orthodox Catholic unity He first surveys the major postwar Orthodox and Catholic theological perspectives on the Roman papacy and on patriarchates enumerating Orthodox problems with the papacy and reviewing how Orthodox patriarchates function and are structured In response to Pope John Paul II's 1995 request for a dialogue on Christian unity set forth in the encyclical letter *Ut Unum Sint* DeVille proposes a new model for the exercise of papal primacy DeVille suggests the establishment of a permanent ecumenical synod consisting of all the patriarchal heads of Churches under a papal presidency and discusses how the pope qua pope would function in a reunited Church of both East and West in full communion His analysis involving the most detailed plan for Orthodox Catholic unity yet offered by an Orthodox theologian could not be more timely

Leustean, 2014-05-30 This book provides an up to date comprehensive overview of Eastern Christian churches in Europe the Middle East America Africa Asia and Australia Written by leading international scholars in the field it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day The book offers a unique insight into the myriad church state relations in Eastern Christianity and tackles contemporary concerns opportunities and challenges such as religious revival after the fall of communism churches and democracy relations between Orthodox Catholic and Greek Catholic churches religious education and monastic life the size and structure of congregations and the impact of migration secularisation and globalisation on Eastern Christianity in the twenty first century

Church as Communion Philip Kariatlis, 2020-03-20 This book innovatively explores the notion of *koinonia* for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God's communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating *koinonia* of infinite love as a way of understanding the very being of the church as communion Such a notion of *koinonia* far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of

communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal

Religions and Communism Iuliu-Marius Morariu,2025-08-18 This book explores the ecumenical activity of Fr Andre Scrima 1925 2000 a Romanian theologian in exile who played a significant role in the Second Vatican Council Drawing on previously unpublished sources it examines how his work and influence were closely monitored by the Romanian Communist regime shedding light on the surveillance strategies of the Securitate In addition to uncovering state security records presented in a unique appendix the book offers a comprehensive study of Scrima s theological contributions his role as a professor and writer and his relationships within the Romanian exile community particularly in France Building on the author s extensive research published in academic journals and edited volumes this work provides an essential resource for scholars of religious studies church history and Cold War era intellectual movements *Pro Ecclesia* ,2004 **Pope John Paul II on the Body** John M. Subject Guide to Books in Print ,1991 Linus Or Peter? Robert Geis,2009-06-16 In Linus or Peter The Question of Papal Infallibility Geis argues that the Vatican I proclamation on papal infallibility is directly rendered uncertain if not outright discredited and disproved by three passages in Scripture Mt 18 18 Lk 10 1 16 1 Cor 10 4 Lexical inquiry into other Scriptural passages dealing with the Scriptural terms rock and cornerstone solidify this claim Scrutiny of Patristic sentiment adds to the evidence as does dating Acts record of Peter s missionary activities History shows a tension between wayward papal conduct and dogmatic claims as well as records of excommunicated popes 18 18 argues Geis claims for the inerrancy of the Spirit s guidance witnessed in the practice and belief of the worldwide Christian community over the millennia The Roman rite claim for a Divinely ordained Vicariate of authoritative pronouncements having no Scriptural basis emerges as an impediment to Christian unity to Christ prayer that they may be one Jn 17 20 21 *Elenchus of Biblica* ,2003 **The British National Bibliography** Arthur James Wells,2004 First Things ,2004
