Wijsheid En Schoonheid Uit Indi:

A Literary History of the Low Countries Theo Hermans, 2009 What was the written culture behind visual artists like Vermeer Rembrandt and Rubens What made the historical novel in nineteenth century Flanders so different from its counterpart in Holland What was the literary impact of the huge colonial empires run by the Netherlands and Belgium What role did Latin French and Frisian play in the literary culture of the Low Countries through the ages Why is experimental writing so prevalent in modern Dutch literature What has made Cees Nooteboom an internationally acclaimed author And how does Flemish relate to Dutch anyway This first literary history of the Netherlands and Flanders in English since the 1970s answers these and many other questions Written by a team of Dutch and Flemish subject specialists it offers a comprehensive and authoritative account of the literature of the Dutch speaking area from the medieval period up to the present day While it focuses on literature written in Dutch it also assesses the significance of writings in French Latin and Frisian De Indische gids, 1915 **De Indische gids** C. E. van Kesteren, R. A. van Sandick, J. E. de Meyier, 1892 The Role of Henri Borel in Chinese Translation History Audrey Heijns, 2020-12-29 Against the historical background of Chinese translation in the West and the emergence of several prominent European translators of China this book examines the role of a translator in terms of cross cultural communication the image of the foreign culture in the minds of the target audience and the influence of their translations on the target culture With the focus on the career and output of the Dutch translator Henri Borel 1869 1933 this study investigates different aspects of the role of translator The investigation is carried out by analysing texts and probing the achievements and contributions of the translator underpinned by documents from the National Archives and the Literature Museum in the Hague the Netherlands Based on the findings derived from this study advice is offered to those now involved in the promotion and translation of Chinese culture and literature It will make an important contribution to the burgeoning history of Chinese translation This book will be of interest to anyone with an interest or background in the translation history of China the history of sinology in the West and the role of translators The Early Dutch Sinologists (1854-1900) Koos (P.N.) Kuiper, 2017-07-10 In The Early Dutch Sinologists Koos Kuiper gives a detailed account of the studies and work of the 24 Dutchmen trained as interpreters for the Netherlands Indies before 1900 Most began studying at Leiden University then went to Amoy to study southern Chinese dialects Their main functions were translating Dutch law into Chinese advising the courts on Chinese law and checking Chinese accounts books later also regulating coolie affairs Actually their services were not always appreciated and there was not enough work for them later many pursued other careers in the Indies administration or in scholarship This study also analyses the three dictionaries they compiled Based on a wealth of primary sources it gives a fascinating picture of personal cross cultural contacts
