William Bartram And The American Revolution On The Southern Frontier:

William Bartram and the American Revolution on the Southern Frontier Edward J. Cashin, 2000 Generations of readers have marveled at the bravery of man who could paddle a canoe amid thrashing alligators find beauty in the humblest of plants and sketch them both

An Outdoor Guide to Bartram's Travels Charles D. Spornick, Alan Cattier, Robert J. Greene, 2003 The author lovingly reconstructs the journey of eighteenth century naturalist William Bartram retracing his painstaking survey of the flora fauna and cultures of the American Southeast Travel

George Galphin and the Transformation of the Georgia-South Carolina Backcountry Michael P. Morris, 2014-12-05 The focus of this work is a reconstruction of the life and career of an Ulster Scot fur trader George Galphin pronounced Golfin who immigrated to South Carolina in the colonial period The thesis of this work is that his life and career helped to shape the history of the backcountry of Georgia and South Carolina in three distinct ways First his support of a for profit Indian trade as opposed to a for stability trade shaped Anglo Indian relations between frontier settlers and their Indian neighbors Ultimately men like Galphin helped the United States move away from the British policy towards Native Americans in favor of a uniquely American policy which ran the gamut from exploitation to land seizures and finally toward Indian Removal itself The book involves a look at the histories of the Muskogee Creeks and Cherokees who were his clients and has a heavy Native American component Galphin's second major influence on the Southeast came with the creation of the Ulster Scot communities he sponsored in both South Carolina and Georgia The relocation plans catered strictly to the Scots Irish Protestants and located them in danger zones between coastal settlements of Anglo Saxon British settlers and the Indian frontiers of the two colonies Galphin's third major influence came during the American Revolution when he was appointed as a Patriot Indian Commissioner fighting to control the southeastern tribes and keep them out of the war In that role he made his contribution as did so many others that helped secure a Patriot victory This part of his story would be of note to an audience interested in the American Revolution in the South from the perspective of the backcountry Finally his family life included the creation of a large multi racial family which helped establish the Creole society of the Eastern Georgia Western South Carolina His spouses and children included Caucasians Native Americans and African Americans Two of Galphin's daughters were his slaves until his death

Modernity and Its Other Robert W. Sayre, 2017-12 In *Modernity and Its Other* Robert Woods Sayre examines eighteenth century North America through discussion of texts drawn from the period He focuses on this unique historical moment when early capitalist civilization modernity in colonial societies especially the British interacted closely with Indigenous communities the Other before the balance of power shifted definitively toward the colonizers Sayre considers a variety of French perspectives as a counterpoint to the Anglo American lens including J Hector St John de Crvecoeur and Philip Freneau as well as both Anglo American and French or French Canadian travelers in Indian territory including William Bartram Jonathan Carver John Lawson Alexander Mackenzie Baron de Lahontan Pierre Charlevoix and Jean

Baptiste Trudeau *Modernity and Its Other* is an important addition to any North American historian's bookshelf for it brings together the social history of the European colonies and the ethnohistory of the American Indian peoples who interacted with the colonizers

Patriots & Indians Jeff W. Dennis, 2022-04-13 Dennis shows lucidly and vividly how white South Carolinians and Natives struggled with each other through the Revolutionary era a sparkling read Walter Nugent author of *Habits of Empire* *Patriots and Indians* examines relationships between elite South Carolinians and Native Americans through the colonial Revolutionary and early national periods Eighteenth century South Carolinians interacted with Indians in business and diplomatic affairs as enemies and allies during times of war and less frequently in matters of scientific religious or sexual interest Jeff W Dennis elaborates on these connections and their seminal effects on the American Revolution and the establishment of the state of South Carolina Dennis illuminates how southern Indians and South Carolinians contributed to and gained from the intercultural relationship which subsequently influenced the careers politics and perspectives of leading South Carolina patriots and informed Indian policy during the Revolution and early republic In eighteenth century South Carolina what it meant to be a person of European American Native American or African American heritage changed dramatically People lived in transition they were required to find solutions to an expanding array of sociocultural economic and political challenges Ultimately their creative adaptations transformed how they viewed themselves and others In this meticulously researched volume Jeff Dennis focuses on the Cherokee and South Carolinians to explore the complex relations between Indians and colonists in the Revolutionary era Dennis provides a valuable new perspective on America's founders identifying a clear link between Revolutionary radicalism and animosity toward Indians that shaped national policy long after the Revolution James Piecuch author of *Three Peoples One King* ***The Southern Historian***, 2001 *Cultivating Race* Watson W. Jennison, 2012-02-10 From the eighteenth century to the eve of the Civil War Georgia's racial order shifted from the somewhat fluid conception of race prevalent in the colonial era to the harsher understanding of racial difference prevalent in the antebellum era In *Cultivating Race: The Expansion of Slavery in Georgia 1750-1860* Watson W Jennison explores the centrality of race in the development of Georgia arguing that long term structural and demographic changes account for this transformation Jennison traces the rise of rice cultivation and the plantation complex in low country Georgia in the mid eighteenth century and charts the spread of slavery into the up country in the decades that followed *Cultivating Race* examines the cultivation of race on two levels race as a concept and reality that was created and race as a distinct social order that emerged because of the specifics of crop cultivation Using a variety of primary documents including newspapers diaries correspondence and plantation records Jennison offers an in depth examination of the evolution of racism and racial ideology in the lower South

The King's Ranger Edward J. Cashin, 1989 Using Thomas Brown's career as the thread to weaving together such aspects of the American past as colonial migration Indian diplomacy British evacuation and the formation of new settlements in the Caribbean Cashin provides a lucid panoramic view of the Revolutionary period in the

South The Attention of a Traveller Kathryn H. Braund, 2022-06-07 Brings together and highlights some of the latest and most engaging work on William Bartram and efforts to commemorate his journey through the disparate region that would become the Southeastern US *Intercultural America* Alfred Hornung, 2007 Includes revised and updated papers from an international conference on Intercultural America that was held in 2002 **The Encyclopedia of the American Revolutionary War** Gregory Fremont-Barnes, Richard Alan Ryerson, 2006 Contains entries that provide information on topics related to the American Revolution covering politics people warfare and culture arranged alphabetically from E to L with maps and illustrations **The Florida Historical Quarterly** ,1955 **The American South** William James Cooper (Jr.), Tom E.
