Zillow Goodyear Lake Benson Real Estate:

Zillow Talk Spencer Rascoff, Stan Humphries, 2015-01-27 How do you spot an area poised for gentrification Is spring or winter the best time to put your house on the market Will a house on Swamp Road sell for less than one on Gingerbread Lane The fact is that the rules of real estate have changed drastically over the past five years To understand real estate in our fast paced technology driven world we need to toss out all of the outdated truisms and embrace today's brand new information But how Enter Zillow the nation's 1 real estate website and mobile app Thanks to its treasure trove of proprietary data and army of statisticians and data scientists led by chief economist Stan Humphries Zillow has been able to spot the trends and truths of today's housing market while acknowledging that a home is more than an economic asset In Zillow Talk Humphries and CEO Spencer Rascoff explain the science behind where and how we live now and reveal practical data driven insights about buying selling renting and financing real estate Read this book to find out why It's better to remodel your bathroom than your kitchen Putting the word cute in your listing could cost you thousands of dollars You shouldn't buy the worst house in the best neighborhood You should never list your house for 444 000 You shouldn't list your house for sale before March Madness or after the Masters Densely packed with entertaining anecdotes and invaluable how to advice Zillow Talk is poised to be the real estate almanac for the next generation

Neighborhood Watch Joanna Green, Russell Walker, 2017 Read any news report on the housing market and inevitably it will include facts or figures from the real estate data giant Zillow com The company initially set out to solve two key economic frictions in the real estate industry information asymmetry and the principal agent problem by empowering users to access real time housing data and eliminating the need for realtors The company soon realized however that American homeowners and buyers were not willing to give up the traditional real estate agent model and changed course In the end Zillow decided to join rather than replace the middlemen in the real estate industry

Zestimating Our Future: Zillow and Its Plans for Realtors Keith Leonard Porter, 2024-06-26 75% of Zillow's income comes from agents in one form or another Whether that is from leads upfront or from referral fees at closing depends on the market This thought should give agents the feeling that Zillow needs us The truth is Zillow does not need us Not all of us at least If you are an agent who is not involved with Zillow and not paying them in any way they have no need for you In fact they are currently making moves to replace you In this book I will show you beyond any doubt that Zillow is no longer just a media company They are a competing brokerage One that has aims to be at the center of every real estate transaction with or without you
