Handbook of Forensic Analytical Toxicology AK Jaiswal, Tabin Millo, 2022-03-31 This book is a comprehensive guide to forensic analytical toxicology for trainees in forensic medicine and forensic scientists. The second edition has been fully revised to provide clinicians with the latest developments and research in the field. New chapters covering the latest analytical instruments have been added to this edition. Beginning with guidance on setting up a modern toxicology laboratory, the next sections, with the help of flow charts, explain the procedures for collection, preservation, extraction, and clean up and screening and colour tests for various poisons. The following chapters describe numerous major and minor analytical instruments and techniques and their application in forensic toxicology. The text is further enhanced by clinical images, figures, and tables. The previous edition 9789351522249 published in 2014.

The Textbook of Health Psychology Meena Hariharan, 2024-03-14 This book examines the concept of health psychology following its trajectory from ancient to contemporary times. It analyses the theories, practice, and research in health psychology from both Indian and Western perspectives. The volume brings together knowledge diversified across various narrow subfields. It expounds upon physiological psychology, chronic illnesses associated with physiological systems, and biopsychosocial approaches to treatment and management with therapeutic interventions integrated throughout the book. It further discusses health promotive and health risk behaviour with reference to health policies and databases at national and global levels. This book will be beneficial to the students, researchers, and teachers of psychology, applied psychology, public health, public policy, community health, and medical and paramedical studies. It will also be indispensable to the policy makers and NGOs working in the field of public health.
