Tripping with Allah Michael Muhammad Knight, 2013-03-01 If Tripping with Allah is a road book it is a road book in the tradition of 2001 A Space Odyssey rather than On the Road Amazonian shamanism meets Christianity meets West African religion meets Islam in this work of reflection and inward adventure Knight the Hunter S Thompson of Islamic literature seeks reconciliation between his Muslim identity and his drinking of ayahuasca a psychedelic tea that has been used in the Amazon for centuries His experience becomes an opportunity to investigate complex issues of drugs religion and modernity Though essential for readers interested in Islam or the growing popularity of ayahuasca this book is truly about neither Islam nor ayahuasca Tripping with Allah provides an accessible look into the construction of religion the often artificial borders dividing these constructions and the ways in which religion might change in an increasingly globalized world Finally Tripping with Allah not only explores Islam and drugs but also Knight's own process of creativity and discovery

America & Islam Lawrence Pintak, 2019-06-27 Donald Trump's first term as the 45th President of the United States of America has shocked the world His attitudes towards Islam became a key point of contention on the campaign trail and in power Trump has continued his war of divisive words and deeds Here acclaimed journalist Lawrence Pintak scrutinizes America's relationship with Islam since its foundation Casting Donald Trump as a symptom of decades of misunderstanding and demonization of the Islamic world as well as a cause of future tensions Pintak shows how and why America's relationship

with the world's largest religion has been so fractious, damaging and self-defeating. Featuring unique interviews with victims and perpetrators of Trump's policies as well as analysis of the media's role in inflaming debate, *America Islam* provides a complete guide to the twin challenges of terrorism and the polarizing rhetoric that fuels it, sketching out a future based on cooperation and the reassertion of democratic values. **Varieties of American Sufism** Elliott Bazzano, Marcia Hermansen, 2020-08-01 From Rumi poetry and Sufi dancing or whirling to expressions of Africanicity and the forging of transnational bonds to remote locations in Senegal, Sri Lanka and Turkey, *Varieties of American Sufism* immerses the reader in diverse expressions of contemporary Sufi religiosity in the United States. It spans more than a century of political, cultural and embodied relationships with Islam and Muslims. American encounters with mystical Islam were initiated by a romantic quest for Oriental wisdom, flourished in the embrace of Eastern teachings during the countercultural era of New Age religion, were concretized due to late twentieth-century possibilities of travel and immigration to and from Muslim societies, and are now diffused through an explosion of cyber religion in an age of globalization. This collection of in-depth, participant observation-based studies challenges expectations of uniformity and continuity while provoking stimulating reflection on a range of issues relevant to contemporary Islamic Studies. American religions, multireligious belonging and new religious movements. **Magic In Islam** Michael Muhammad Knight, 2016-05-24 The progenitor of Muslim punk rock and one of today's freshest spiritual voices pushes back against the common assumption that the historic faiths have no occult or magical tradition. In this richly learned historical and personal journey through the practice of magic in Islam, *Magic in Islam* offers a look at magical and occult technologies throughout Muslim history, starting with Islam's earliest and most canonical sources. In addition to providing a highly accessible introduction to magic as it is defined, practiced, condemned and defended within Muslim traditions, *Magic in Islam* challenges common assumptions about organized religion. Michael Muhammad Knight's deeply original book fills a gap within existing literature on the place of magic in Islamic traditions and opens a new window on Islam for general readers and students of religion alike. In doing so, the book counters and complicates widespread perceptions of Islam as well as of magic as it is practiced outside of European contexts. *Magic in Islam* also challenges our view of organized religions as clearly defined systems that can be reduced to checklists of key doctrines, texts and rules. As a result, *Magic in Islam* throws a monkey wrench into the conventions of the intro to Islam genre, threatening to flip popular notions of a religion's center and margins. **Finding W.D. Fard** John Andrew Morrow, 2019-01-14 Since his arrival in Detroit on July 4, 1930, W.D. Fard, known also as Wallace Fard Muhammad and over fifty other aliases, has elicited an enormous amount of curiosity. Who was this man who claimed that he was both the Messiah and the Mahdi, and who was identified as God in Person by his disciple Elijah Muhammad, whom he reportedly appointed as his Final Messenger? The people who actually met him and the scholars who have studied him have suggested that he was variously an African American, an Arab from Syria, Lebanon, Algeria, Morocco or Saudi Arabia, a Jamaican, a Turk, an Afghan, an Indo-Pakistani, an

Iranian an Azeri a white American a Bosnian a Mexican a Greek or even a Jew In an attempt to determine the origins of W D Fard most scholars have relied on his teachings as passed down and perhaps modified by Elijah Muhammad Some have suggested that he was a member of the Moorish Science Temple of America or the Ahmadiyyah Movement Others have suggested that he was a Druze or a Shiite Finding W D Fard Unveiling the Identity of the Founder of the Nation of Islam provides an overview of the scholarly literature related to this mysterious subject and the theories concerning his ethnic and racial origins It provides the most detailed analysis of his teachings to date in order to identify their original and multifarious sources Finding W D Fard considers the conflicting views shared by his early followers to decipher the doctrine he actually taught Did W D Fard really profess to be Allah or was he deified after his death by Elijah Muhammad The book features a meticulous study of any and all subjects who fit the profile of W D Fard and provides the most detailed information regarding his life to date It also offers an overview of turn of the 20th century Islam in the state of Oregon demonstrating how much W D Fard learned about the Muslim faith while residing in the Pacific Northwest The work finishes with a series of conclusions and suggestions for further scholarship

Muhammad's Body Michael Muhammad Knight, 2020-08-06 Muhammad s Body introduces questions of embodiment and materiality to the study of the Prophet Muhammad Analyzing classical Muslim literary representations of Muhammad s body as they emerge in Sunni hadith and sira from the eighth through the eleventh centuries CE Michael Muhammad Knight argues that early Muslims theories and imaginings about Muhammad s body contributed in significant ways to the construction of prophetic masculinity and authority Knight approaches hadith and sira as important religiocultural and literary phenomena in their own right In rich detail he lays out the variety of ways that early believers imagined Muhammad s relationship to beneficent energy baraka and to its boundaries effects and limits Drawing on insights from contemporary theory about the body Knight shows how changing representations of the Prophet s body helped to legitimize certain types of people or individuals as religious authorities while marginalizing or delegitimizing others For some Sunni Muslims Knight concludes claims of religious authority today remain connected to ideas about Muhammad s body
