Simon Barton's influential scholarly legacy eschewing rigid disciplinary boundaries. Focusing on textual, archaeological, visual, and material culture, the sixteen studies in this volume offer new and important insights into the historical, socio-political, and cultural dynamics characterising different yet interconnected areas within Iberia and the Mediterranean. The structural themes of this volume: the creation and manipulation of historical, historiographical, and emotional narratives; changes and continuity in patterns of exchange; cross-fertilisation and the recovery of tradition; and the management of conflict, crisis, power, and authority are also particularly relevant for the postmedieval period within and beyond Iberia. Liturgy of Empire: Reading the Mozarabic Rite in Early Modern Europe, 1500-1800 Susan Boynton, 2025-09-22. *Liturgy of Empire* examines the European reception of the neo-Mozarabic rite created under the patronage of the Archbishop of Toledo Francisco Jimenez de Cisneros (1495-1517) in relation to the history of the Mozarabs of Toledo, the development of bibliophilia and libraries, the scholarly study of medieval liturgy, and the crusading ideology of Spanish expansionism in the Mediterranean. During the emergence of Spain's global empire, the editions of the Mozarabic rite entered collections throughout Europe. The provenance of the copies studied here for the first time reveals their mediation of knowledge about Iberian history and the political contexts for their acquisition.

Narrative, Piety and Polemic in Medieval Spain Alun Williams, 2024-03-21. This book presents an original perspective on the variety and intensity of biblical narrative and rhetoric in the evolution of history writing in León, Castile during the twelfth and thirteenth centuries. It focuses on six Hispano-Latin chronicles, two of which make unusually overt and emphatic use of biblical texts. Of particular importance is the part played by the influence of exegesis that became integral to scriptural and liturgical influence both in and beyond monastic institutions. Alun Williams provides close analysis of the text and comparisons with biblical typology to demonstrate how these historians from the north of Iberia were variously dependent on a growing corpus of patristic and early medieval interpretation to understand and define their world and their sense of place. *Narrative, Piety and Polemic in Medieval Spain* sees Williams examine this material as part of a comparative exploration of language and religious allusion, showing how the authors used these biblical, liturgical elements to convey historical context, purpose, and interpretation.
