The Pyramid Henning Mankell, 2008 The Pyramid is a collection of 5 short stories plus an additional prologue written especially for German fans which gives readers more insight into the personal life of Kurt Wallander. While it was written after the 8th novel Firewall, the events depicted in The Pyramid take place well before Faceless Killers, making it 1st chronologically in the series. The first story takes place in 1979 while the final occurs in 1989. In the stories, the reader sees Wallander on his first case and also before he meets his future wife Mona. In reviews, it is often noted that there is very little tension built up in the stories, except The Pyramid, usually attributed to the fact that they are so short.

Before the Frost Henning Mankell, 2004 The leader of a religious cult in Guyana instigates a mass suicide. He succeeds in killing himself and his whole flock of worshippers, save one. One man escapes into the woods in the countryside outside Ystad. The police make a horrific discovery: a severed head and hands locked together in an attitude of prayer. A Bible lies at the victim's side, handwritten corrections and amendments on every page. A string of incidents, including attacks on domestic animals, has been taking place, and Inspector Wallander fears that these events could be the prelude to attacks on humans on a much greater scale. Linda Wallander, preparing to join the Ystad police force, arrives at the station. Showing all the hallmarks of her father, the maverick approach, the flaring temper, she becomes involved in the case and in the process has to confront a group of extremists bent on punishing the world's sinners. Before the Frost is a totally compelling and atmospheric crime story.

The Dogs of Riga Henning Mankell, 2011-03 When a life raft carrying the bodies of two Eastern European criminals washes up on the Swedish coastline, Inspector Kurt Wallander travels to Riga, Latvia, where he struggles against corruption and deceit and risks his own life to uncover the truth.

The Pyramid Henning Mankell, 2008-09-23 The story of the Swedish detective's beginnings, told in five gripping short mysteries. An indispensable chapter to the saga.

Booklist Online: Here are the stories that trace chronologically Kurt Wallander's growth from a rookie cop into a young father and then a middle-aged divorcé, illuminating how he became a first-rate detective and highlighting new facets of the character who remains one of the most impressive and credible creations of crime fiction today. The Guardian: Wallander's First Case introduces us to the twenty-one-year-old patrolman on his first homicide case: his next-door neighbor seemingly dead by his own hand. In The Man with the Mask, Wallander is a young father confronting an unexpected threat on Christmas Eve. On the brink of middle age, he is troubled by a distant wife as he unravels the poisoning of a lonely vacationer. In The Man on the Beach, newly separated, in The Death of the Photographer, Wallander investigates the brutal murder and the well-concealed

secrets of the local studio photographer In the title story he is a veteran detective uncovering unexpected connections between a downed mystery plane and the assassination of a pair of elderly sisters Written from the unique perspective of an author looking back on the life of his own character these mysteries are vintage Henning Mankell and essential reading for fans of the fiction series or the BBC program Wallander starring Kenneth Branagh The Pyramid is a wonderful display of Mankell's virtuosity powers as the unrivalled master of Swedish crime fiction and one of the finest practitioners of the genre anywhere Toronto Star
