A Life in Short Stories Skip Johnson, 2024-12-20 This little book is a series of personal vignettes by award winning author journalist Skip Johnson that are just plain down fun to read like how his fiancée introduced him to her best friend whom a year later he married or how he joined a venerable local charity s board and two months later found himself president and only member of the board a board that was 50 000 in debt with no idea how to pay it and it was up to him and him alone to fix things or how he very accidentally single handedly captured an armed and dangerous bank robber or how some very bad decisions early in his life led him into a thirty year career as a newspaper reporter columnist and editor Some of these stories are light some are serious some are tear jerkers some are important and

some are just intriguing Some deal with events related to his life as a journalist and others with family and other facets of life But all of them you will agree are readable But once you read them beware They very well may make you want to write your own book of personal vignettes and you probably should Don t you wish your grandparents had *The North Carolina Historical Review* ,2014 [Amazing Stories](#) ,1926 [My Life Story](#) Nelson Wood,2015-10-16 The book is mostly a biography It is written in three sections my early years my education and working years World War II and memories I also added two addendums which brings me up to my retirement and present life in an assister living facility in Florida
