Wilson, 1994-08 Sports Afield's Deer Hunter's Almanac Sid Evans, Sports Afield, 1996 From the Introduction There is not a successful deer hunter in the world who has not come up with his own peculiar methods some of them secret some not for beating the long odds of killing a deer The Ojibwa Indians of the Great Lakes figured out they could attract deer by smoking wild aster in a pipe the smell of which was like the scent of a deer s hooves Other tribes such as the Choctaws and Cherokees in the Southeast would carry skinned out deer heads on their belts which they could wear over their heads whenever they needed to make a stalk this is no longer an advisable or legal technique They used decoys and calls and they knew that banging a pair of antlers together could summon a buck during the rut In this book we have tried to compile some of the best information and most interesting pieces written about deer in Sports Afield since the magazine was founded in 1887 There were not as many deer to hunt back then but over the last quarter century deer populations have boomed in nearly every state but Alaska and Hawaii and so have the articles written about them Many of these pieces originally appeared in the Sports Afield Almanac which was introduced by Editor Ted Kesting in 1972 others appeared as departments or short features All told more than 250 deer hunters contributed making this we hope a very unique look at what is now America s favorite game animal Some of the contributors like Dwight Schuh and Peter Fiduccia Tom McIntyre and Ted Kerasote are what we would call pros They have hunted studied and written about deer all their lives Others are just guys who wanted to share a couple of their best deer hunting secrets Do not be surprised if you turn up some contradictory views There s more than one way to shoot skin and cook a deer but it may be that the best way of all is the one you have to figure out on your own This is the finest book on whitetail hunting that I have seen Larry Myhre Sioux City Journal Complete Guide to Hunting Gary Lewis, 2008-07-07 Make the most of your time in the field Whether heading into the field after a favorite game animal or pursuing a species for the first time hunters want as much information as possible to make the hunt successful This book provides tips and techniques for hunting more than 28 species of big game small game upland birds turkeys and waterfowl More than 300 photos and illustrations discuss choosing a bow or firearm planning a hunt scouting hunting strategies such as still hunting stalking using hunting dogs driving flushing and more *The Hunter's Guide to Butchering, Smoking, and Curing Wild Game and Fish* Philip Hasheider, 2013-07-22 From field to table The Hunter s Guide to Butchering Smoking and Curing Wild Game and Fish gives you all you need to know to harvest your big game small game fowl and fish Advanced

The Hunter's Haunch Paula Young Lee, 2014-09-16 A new way to look at hunting and deer meat that anyone who owns a venison cookbook must read Is a doe better eating than a buck Is hanging really necessary Why can't venison be aged Will soaking in milk make that gamy taste go away The Hunter's Haunch provides straightforward and fascinating answers for these and other questions that every hunter cook has faced delving into myths folklore hunting history and modern culinary science in order to explain why certain techniques still work and others don't Many wild game cookbooks offer recipes for venison chili venison burgers venison sausage and other solutions that make tough and gamy meat edible By contrast The Hunter's Haunch aims to rethink the entire process so that rescuing tough meat never becomes necessary in the first place Focusing on the relationship of the hunt to the rhythms of nature The Hunter's Haunch examines the deer as a living creature in the wild showing how the skills of the hunter affect its treatment in the kitchen and ultimately how the venison tastes when served at the table Covering the history of deer hunting practical lessons in game anatomy and indispensable tips for dressing and prep The Hunter's Haunch is an essential read for anyone who hopes to transform their quarry into the best possible venison Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on
