What Once Was One The Passage Of Hellsfire 2:

What Once Was One (The Passage of Hellsfire, Book 2) Marc Johnson,2020-06-20 In the land of Northern Shala the dark wizard Premier raised an army of foul creatures from the Wastelands and led them against the ancient guardian city of Alexandria Hellsfire a young farmhand turned apprentice wizard defeated Premier and saved Alexandria but not before the battle claimed his mentor's life Hellsfire now a full fledged wizard must finish what he started by hunting down Premier and seizing the source of the wizard's dark power and corruption the Book of Shazul He must travel deep into the Wastelands through Premier's home territory dodging the scattered remnants of a defeated army lusty for blood and vengeance But beating in the heart of the Wastelands is an ancient power more dangerous than Premier or his creatures and it's been waiting for Hellsfire for a thousand years It will force the young wizard to make a devastating choice one that could change the course of history not only for Alexandria and the Wastelands but for all of Northern Shala and the lands beyond And to save his homeland Hellsfire may have to lose the person he loves the most What once was one will then be two and never again be whole

What Once Was One (The Passage of Hellsfire, Book 2) Marc Johnson,2012 **Hellfire and Destruction** Paul Marston,2023-12-13 To those of us who believe in the inspiration and authority of the Bible it must surely be a concern to know what it says will happen to the millions around us some of whom we love dearly who die without repentance or faith Does Scripture teach that at the last judgment those who remain unrepentant will be consigned to an unending existence of torment without hope Is that truly what Jesus and his apostles believed and taught This book presents basic evidence that what they really taught was that the final judgmental end for such people will be destruction taking its obvious meaning that they will cease to exist as conscious individuals The arguments are not complex because most of the New Testament writers make plain statements to this effect The book also looks at those parables and Revelation passages sometimes taken to indicate unending torment It links with academic works that in increasing numbers are making the same points but the book is not a contribution to academic scholarship Rather it is a careful readable and accessible account to challenge pastors church leaders and Christians generally to consider what the Bible actually says rather than rely on tradition
