

A person in a light blue shirt and white pants is walking away from the viewer on a dark, pebbly path that leads towards the ocean. The path is flanked by white concrete borders. The ocean is visible in the distance under a clear blue sky with a few wispy clouds.

When God Says No Reshaping Prayer And Learning To Listen

Kim V. Engelmann

When God Says No Reshaping Prayer And Learning To Listen:

When God Says, "No" Thomas R. Hauff, 2010-12-13 Does it feel like God has stopped listening to your prayers Do you approach prayer with confidence or with confusion Perhaps you have given up organized prayer entirely resorting to monotonous habitual shallow repetitions day after day after day This work will address these and other questions we all have about communicating with God In these pages you will find straight talk about substantial pitfalls along the road to authentic prayer Dr Tom Hauff provides an in depth investigation into the ways we pray the goals prayer should accomplish and how we respond to God s answers You will find that God has not stopped listening and that prayer does not have to be confusing It can be vibrant and life giving productive and encouraging but there is a key to such a prayer life In this book in an easily accessible way Dr Hauff unfolds this foundational key We genuinely communicate in prayer only when we learn to listen honestly to God

Soul-Shaping Small Groups Kim V. Engelmann, 2010-05-07 Is your small group boring It s okay to be honest Do you sometimes have to force yourself to attend the meetings even the meetings you lead Do you wonder if small groups are doing anything for your spiritual growth Kim Engelmann a pastor and small group leader describes how she felt about one small group she attended It is Thursday evening small group night I hesitate before getting out of the car Do I really want to do this I am not the sort of person that likes weeknight meetings I am tired from a long day s work but I push my car door open and crunch on up the gravel driveway I convince myself that this is for my own good I tell myself that I ought to be grateful that I live in a free country where small groups that talk about Jesus and the Bible are allowed But I am not grateful not one little bit As a result Kim asked herself a hard question about groups Is it small groups that are the problem or the way we do small groups In this book she shares her answers offering a new format

for groups that gives authentic spiritual community a chance She challenges the compartmentalization of Bible study prayer and even fun only laugh during icebreaker time and offers creative practical suggestions that can serve to integrate these aspects into an experiential framework Whether you are a pastor a group leader or a member if you find yourself dragging when it s time for small group then this is the book for you

Shaping Childhood Roger Cox,2002-09-11 What part has religion played in the history of child rearing How do we persuade children to behave rationally and how should we exercise adult authority What use do we make of their innocence and how do we cope with their sexuality Has history left us with ideas about the child which make no sense in the prevailing conditions of the late twentieth century In *Shaping Childhood* these questions are explored through themes from the history of childhood The myth of the repressive Puritan parent is explored by looking at Puritan ideals of child rearing Treating the child as if it were rational seemed to Locke the best way to approach child rearing but Rousseau was sceptical of adult manipulation and Romanticism could be subversive of both religion and reason as sources of discipline in child rearing The Victorians inherited many of the contradictions these approaches gave rise to and they added a complication of their own through an aesthetic response to childhood s beauty Currently with instability in household formation and with the child exposed to ever more sophisticated means of communication parents teachers and others struggle to make sense of this ambiguous historical legacy *Shaping Childhood* examines the ways in which broad cultural forces such as religion literature and mass consumption influence contemporary parenting and locates child professionals within the context of these forces
