When I Pray What Does God Do

Vincent Brümmer

When I Pray What Does God Do:

Everything the Bible Says About Prayer ,2012-08-01 What the Bible Really Says about Prayer Countless books have been written about prayer how to pray and when to pray This book includes exactly what God says about prayer straight from his Word It is organized by subject such as prayer in the Old Testament types of prayer prayers of the psalmists and prayers of Jesus All the scriptural prayers and primary references to prayer are collected in this clear concise book with enough explanation to help even those new to the Bible Its length and focus make it perfect for readers who love the Word of God

What are We Doing when We Pray? Vincent Brümmer,2008 Vincent Brümmer's classic book on prayer from 1984 provides a comprehensive philosophical analysis of central issues regarding the nature and practice of prayer This new edition has been substantially revised and updated Serving as a valuable core text for students this book also contributes to a number of current debates in theology and philosophy of religion the debates on realism and religious belief on the rationality of faith and the nature of theology on the relation between religious belief and morality on the relation between science and religion and the lively debate among evangelical Christians in America on the openness of God

When I Pray, What Does God Do? David Wilkinson,2015-05-15 Scientist and theologian David Wilkinson shares his insights and struggles with the question of how God answers prayer

What Are We Doing When We Pray? Vincent Brümmer,2017-05-15 Vincent Brümmer's classic book on prayer from 1984 provides a comprehensive philosophical analysis of central issues regarding the nature and practice of prayer What do we do when we ask things of other people when we thank them or praise them when we express penitence for what we have done to them and ask their forgiveness And how does doing these things in relation to God differ from when we do them in relation to other people And what does this entail for the existence and nature of the God to whom we pray This new edition has been substantially revised and updated Three new chapters have been added which develop in detail a hint by G K Chesterton that faith is not a thing like a theory but a thing like a love affair Since prayer is the expression of this love affair it is also the clue to understanding the nature of faith These chapters contribute significantly to the current academic interest in spirituality by showing how Brümmer's analysis of prayer helps us to understand the nature of spirituality of faith and religious belief and of theology Spirituality is not aimed at achieving religious experiences or mystical knowledge about God it is primarily aimed at attaining the religious form of life and at coming to see the world in the light of faith Religious belief is not merely a cognitive enterprise like science it cannot be divorced from spirituality and the life of faith and is therefore fundamentally existential and not merely intellectual Serving as a valuable core text for students this book also contributes to a number of current debates in theology and philosophy of religion the debates on realism and religious belief on the rationality of faith and the nature of theology on the relation between religious belief and morality on the relation between science and religion and the lively debate among evangelical Christians in America on the openness of God

cancer at the age of forty nine having battled against the disease for more than six years Her suffering had a profound influence on their lives and that of their church and raised challenging questions If God is in control does that mean God is to blame for suffering Why did God not heal Anne Is Anne s death what God wanted to happen Does prayer make any difference What is God doing about evil People s experience of suffering causes them to examine the kind of God they believe in the nature of the universe God made and God s activity in the world This book explores all three aspects and responds constructively to the complex issues that the above questions pose and provides powerful reasons for confidence in the firm Christian hope

Christian *Improving Your Prayer Life through a Study of the Psalter* Randall C. Bailey,2021-10-04 How should we pray Do we believe God answers our prayers Is it acceptable to complain to God Should we bargain with him to receive the response we desire Why do we praise God Does our praise make him any more God John Calvin argued basically that the purpose of prayer is to realign the petitioner s feelings and beliefs with God s Many today seem to have adopted this idea One says Why pray at all God knows everything so my prayers cannot change his mind I must pray to discover God s will for my life I must realign my will with God s will for my life In contrast the psalmists assumed a reciprocal process They believed they could bring pressures on God to answer their requests They would bargain with God and promise him certain things if he would only grant their petitions Indeed this was part of the process They would obligate themselves to praise God if he would grant their desires Such bargaining was the foundation of their prayers Comparisons of Calvin s views with the psalmists allows the reader to investigate the nature of his or her prayer life and make improvements where necessary
