

WHILE SIX MILLION DIED

A Chronicle of American Apathy

ARTHUR D. MORSE

With a new preface by Herbert Mitgang

This pioneering classic revealed—for the first time—the untold story about the deliberate obstruction placed in the way of attempts to save the Jewish people from Hitler's "Final Solution."

"For national self-knowledge, the historical record Arthur Morse has compiled is one of the most important of our time."
—*Barbara Ehrenreich*

"A brilliant, gripping, carefully documented illumination of the role played by America and other 'civilized' nations of the world during the rise of the Nazis and the destruction of six million Jews. *While Six Million Died* is a rare achievement."
—*Publishers Weekly*

Quest for Inclusion Marc Dollinger, 2021-05-11 For over sixty years Jews have ranked as the most liberal white ethnic group in American politics figuring prominently in social reform campaigns ranging from the New Deal to the civil rights movement Today many continue to defy stereotypes that link voting

patterns to wealth What explains this political behavior Historians have attributed it mainly to religious beliefs but Marc Dollinger discovered that this explanation fails to account for the entire American Jewish political experience In this the first synthetic treatment of Jewish liberalism and U S public policy from the 1930s to the mid 1970s Dollinger identifies the drive for a more tolerant pluralistic and egalitarian nation with Jewish desires for inclusion in the larger non Jewish society The politics of acculturation the process by which Jews championed unpopular social causes to ease their adaptation to American life established them as the guardians of liberal America But according to Dollinger it also erected barriers to Jewish liberal success Faced with a conflict between liberal politics and their own acculturation Jews almost always chose the latter Few Jewish leaders for example condemned the wartime internment of Japanese Americans and most southern Jews refused to join their northern co religionists in public civil rights protests When liberals advocated race based affirmative action programs and busing to desegregate public schools most Jews dissented In chronicling the successes limits and failures of Jewish liberalism Dollinger offers a nuanced yet wide ranging political history one intended for liberal activists conservatives curious about the creation of neo conservatism and anyone interested in Jewish communal life **Eleanor Roosevelt,**
